PRODUCT DESCRIPTION

Designed for outdoor use. The water-resistant fabric and sturdy frame stand up to the elements. Easy to clean with just a damp cloth, requiring minimal upkeep.

The cushion covers are made from a water-resistant cotton-blend fabric. It provides a comfortable seat while effectively shedding light moisture and being easy to clean.

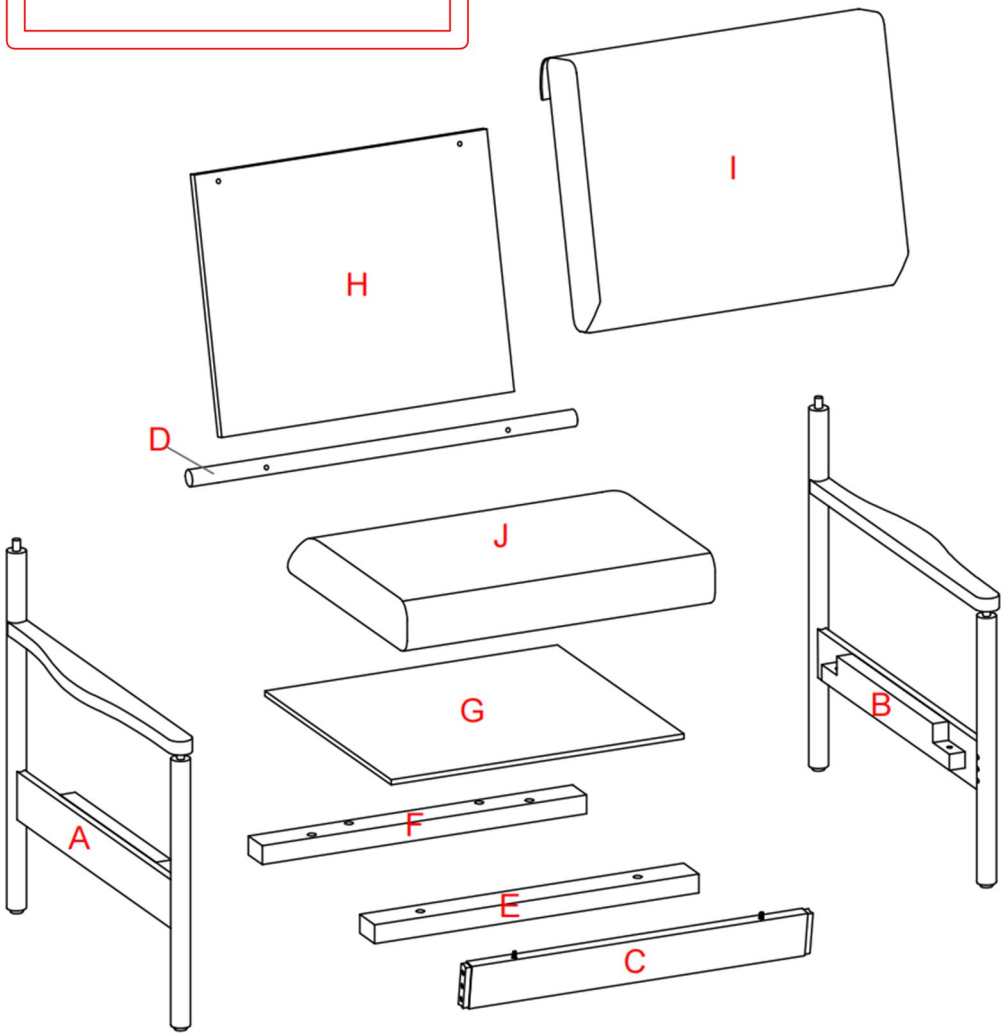

Features a minimalist design with clean and crisp lines. Calm and versatile, it blends seamlessly into various outdoor settings such as balconies, gardens, and patios, without looking out of place.

The frame is crafted from solid, durable teak wood, known for its natural weather resistance for long-lasting stability.

Designed for straightforward assembly. Most components come pre-assembled or fit together easily with simple steps, getting you ready to relax in no time.

Please make sure all hardware&packing material fitting the list. Especially some small accessories may be missing during transportation. Please contact us if you have any question.

step 1---Cut the plastic air compression bags

After taking out the cushions (I&J) from the air compression bags, please allow them to recover for a period of time. It may take up to 48 hours to fully recover. You can gently slap them to speed up the process.

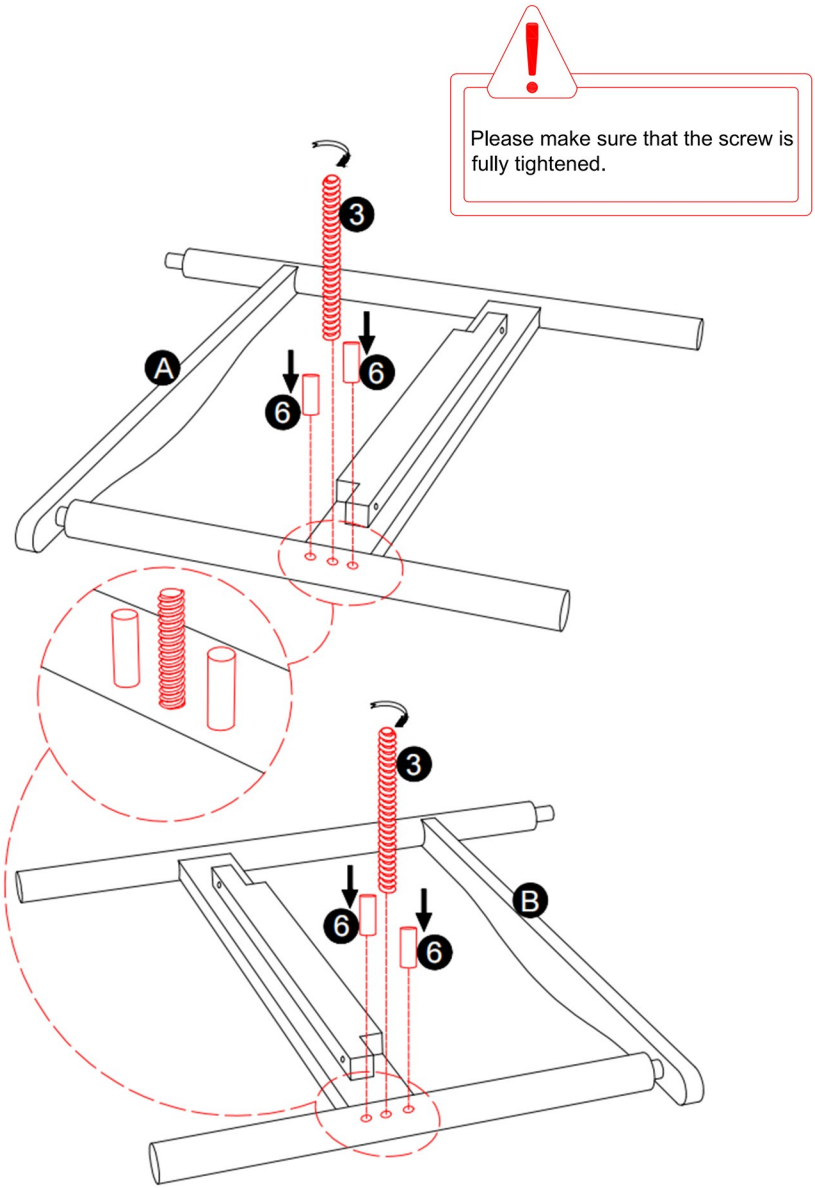

Please exercise caution when opening the packaging to avoid injury or damage to the product.

step 2 ---Install the hardware components on the Armrest(A&B)

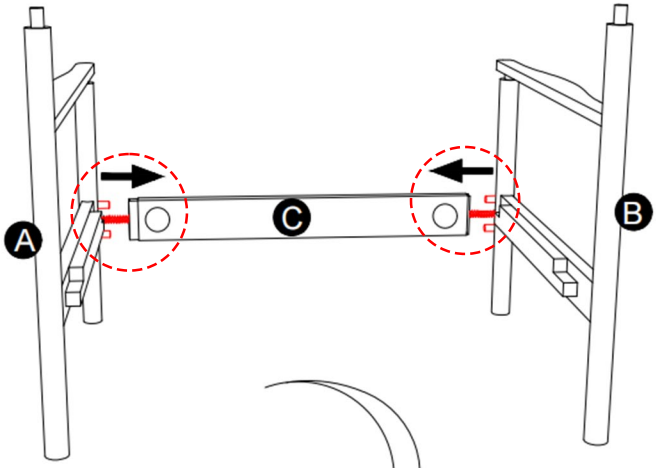

Insert the wood dowel (6) and the screw (3) into the right armrest (A) and the left armrest (B) respectively. Tighten the screw into the hole with a nut.

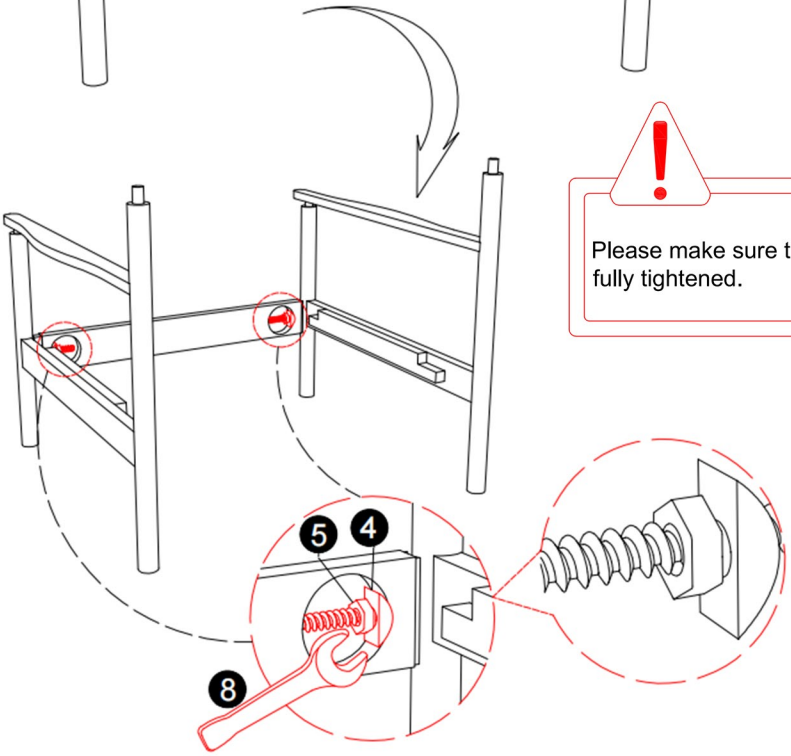

step 3 ---Install the Front panel (C)

Insert the Front panel (C) into the Left armrest (A)& Right armrest (B) as shown.

Use the Half-moon nut (4) and Nut (5) to attach them,tighten them with Open-end wrench (8).

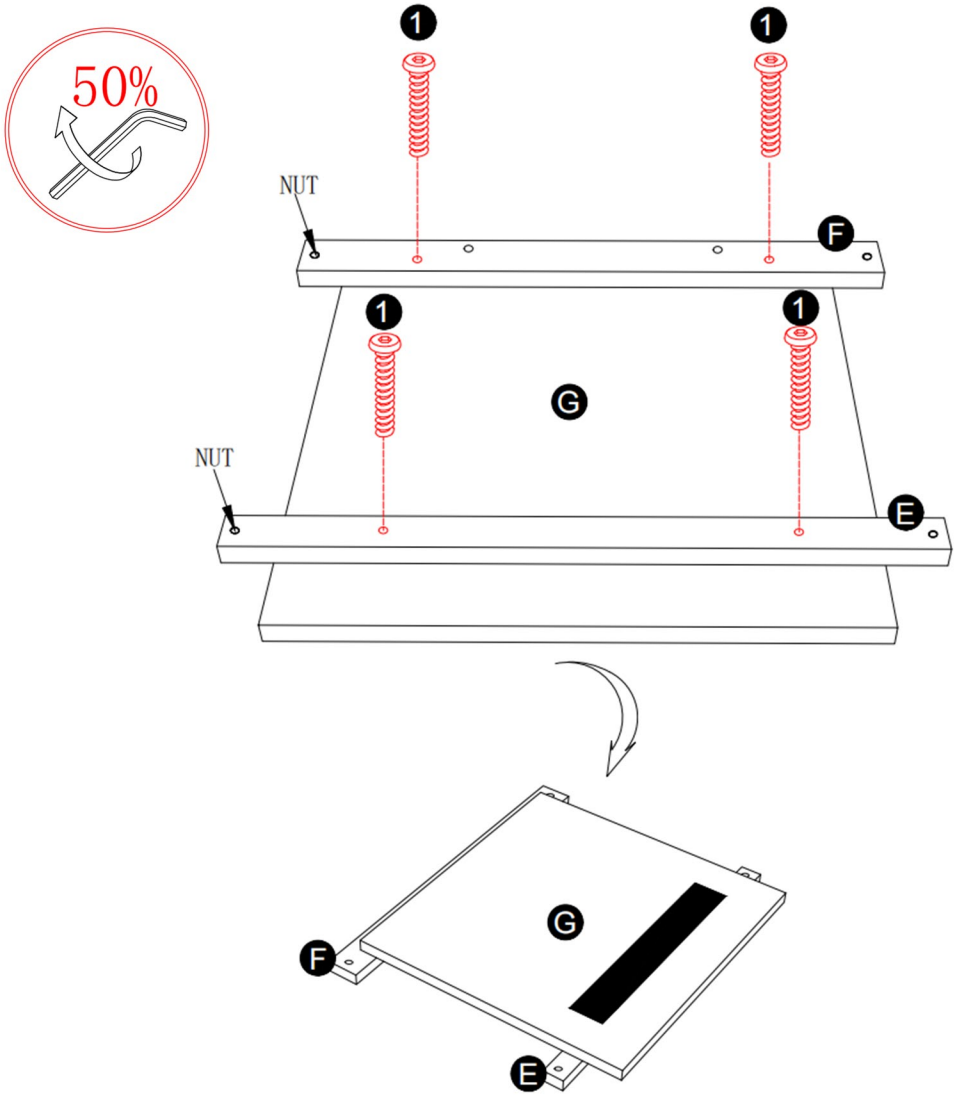

Please make sure that the screw is fully tightened.

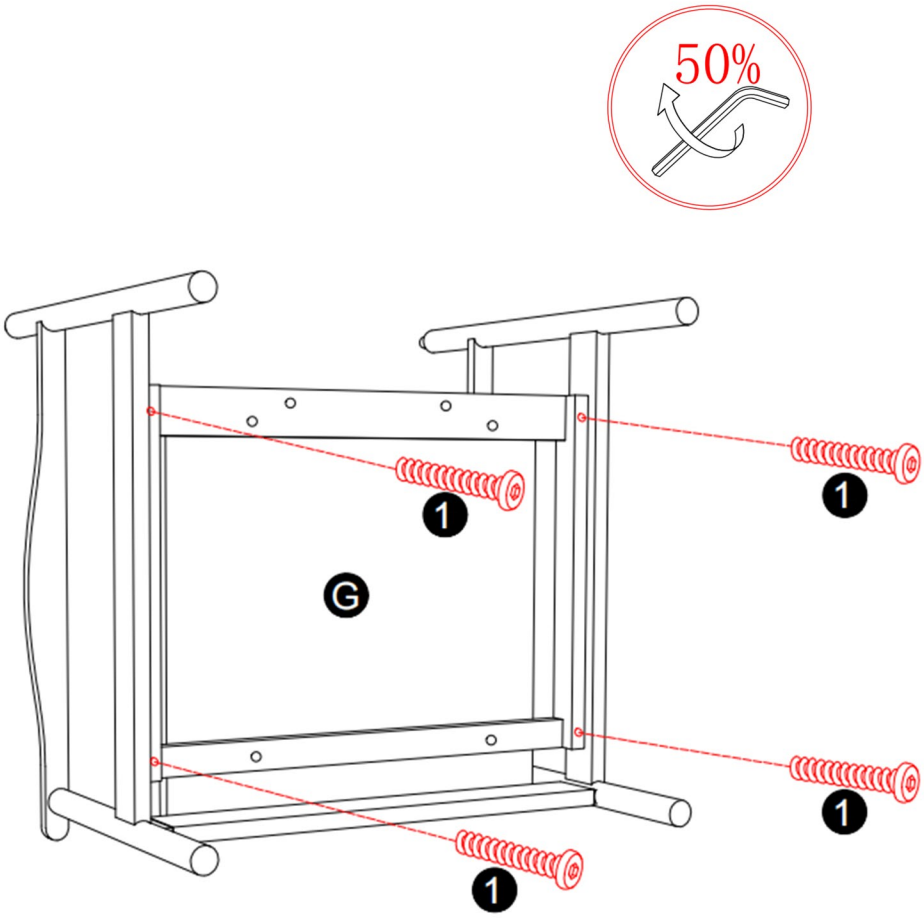

step 4 ---Install the Front seat rail (E) & Back seat rail(F)

Use bolt (1) to attach Front seat rail (E) & Back seat rail (F) to Seat frame (G),Don‘t tighten it.

step 5 ---Install the pre-assembly part at step 4

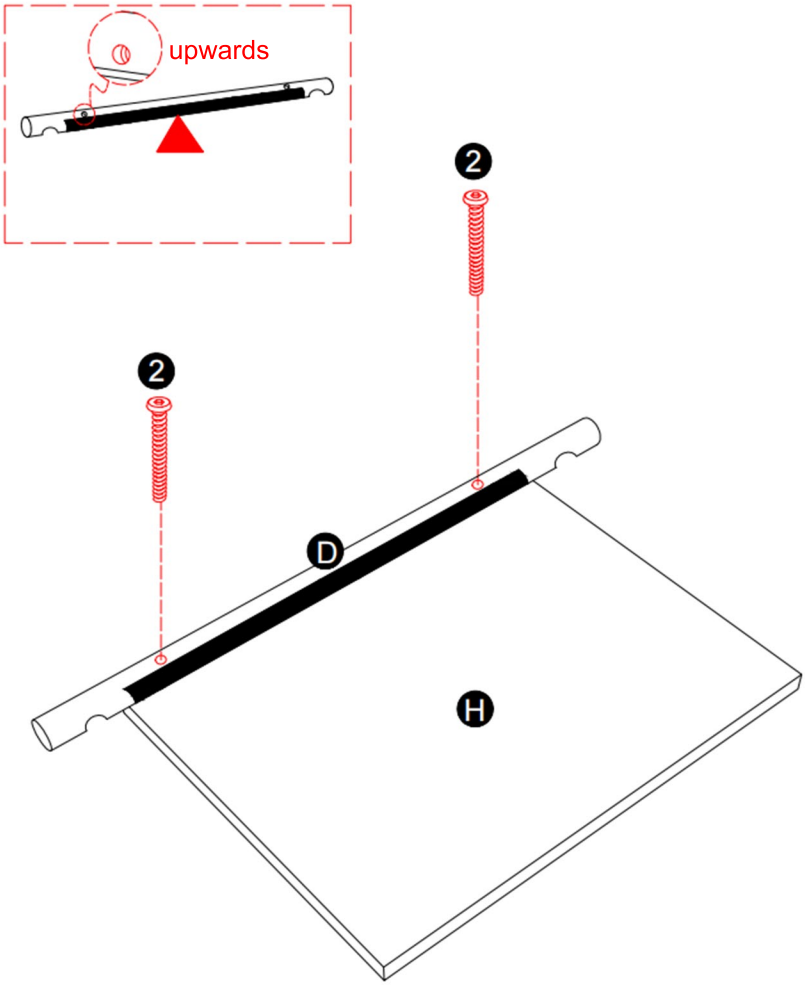

Use bolt (1) to attach pre-assembly part at step 4 to pre-assembly part at step 3 as shown,Don’t tighten it.

step 6 ---Install the connecting rod (D)

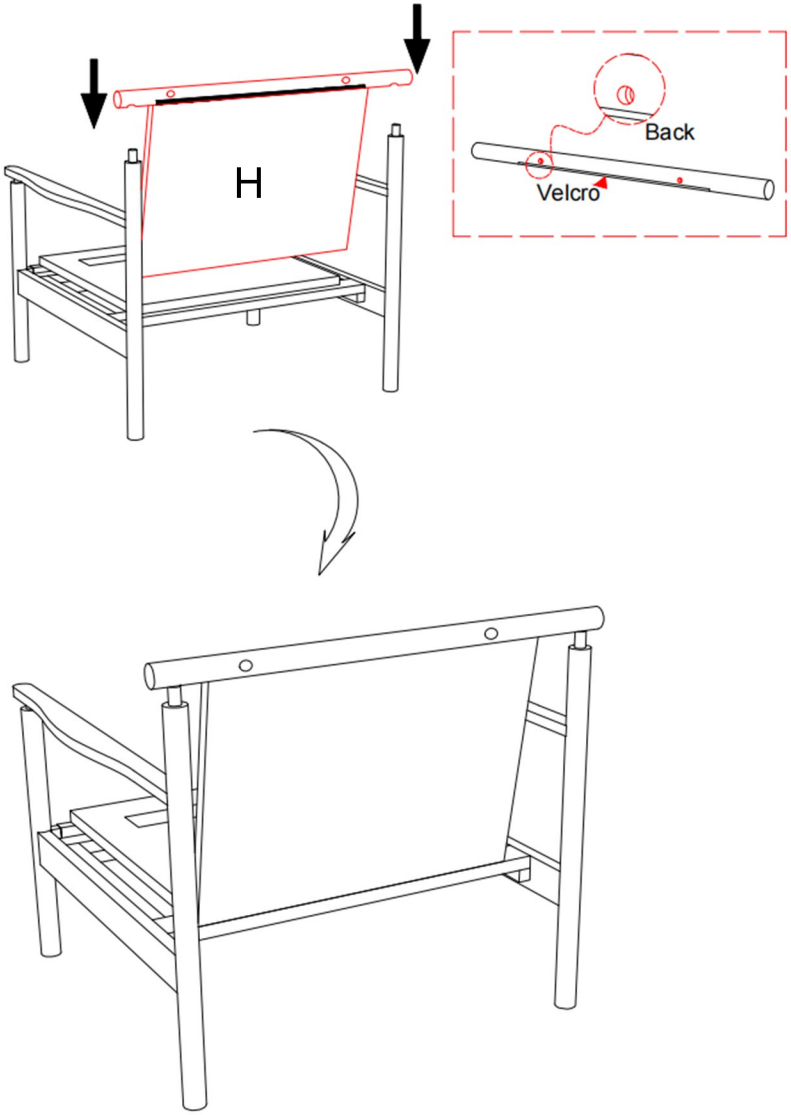

Connect the connetting rod (D) to the Back panel (H),use bolt (2) to attach them,tighten it with allen key (7)

When installing the Back panel (H), the Velcro of the connetting rod (D) should be facing downwards.

step 7 ---Install the pre-assembly Back panel (H)

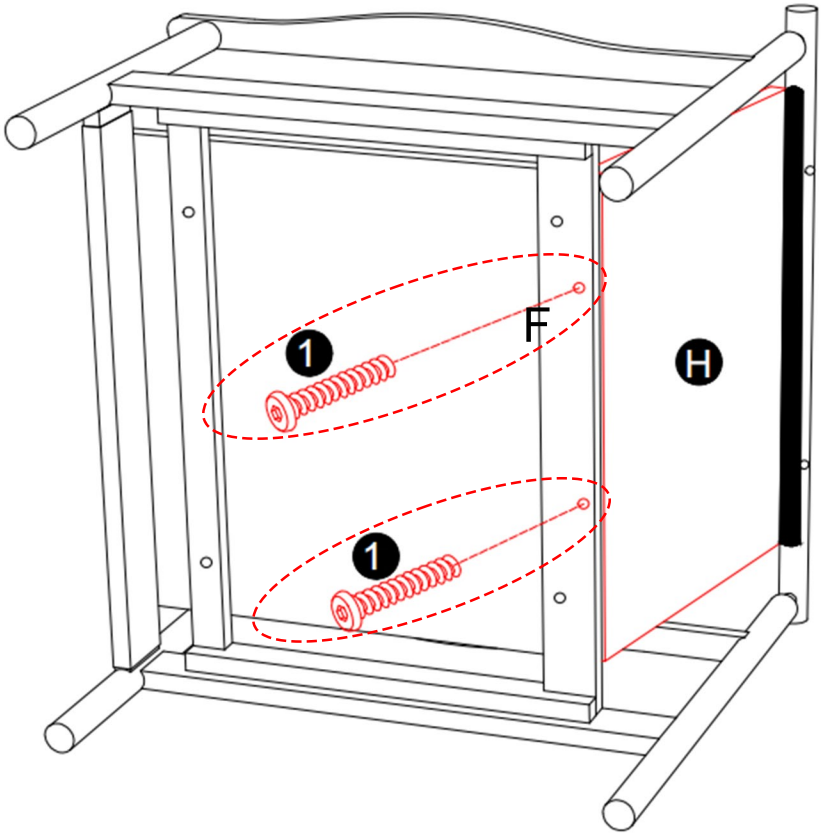

As shown in the figure, insert the pre-assembly Back panel (H) into the top of the armrest.

step 8 ---Install the pre-assembly Back panel (H)

Use bolt (1) to attach Back seat rail (F) to Back panel (H), tighten it with Allen key,tighten all bolts.

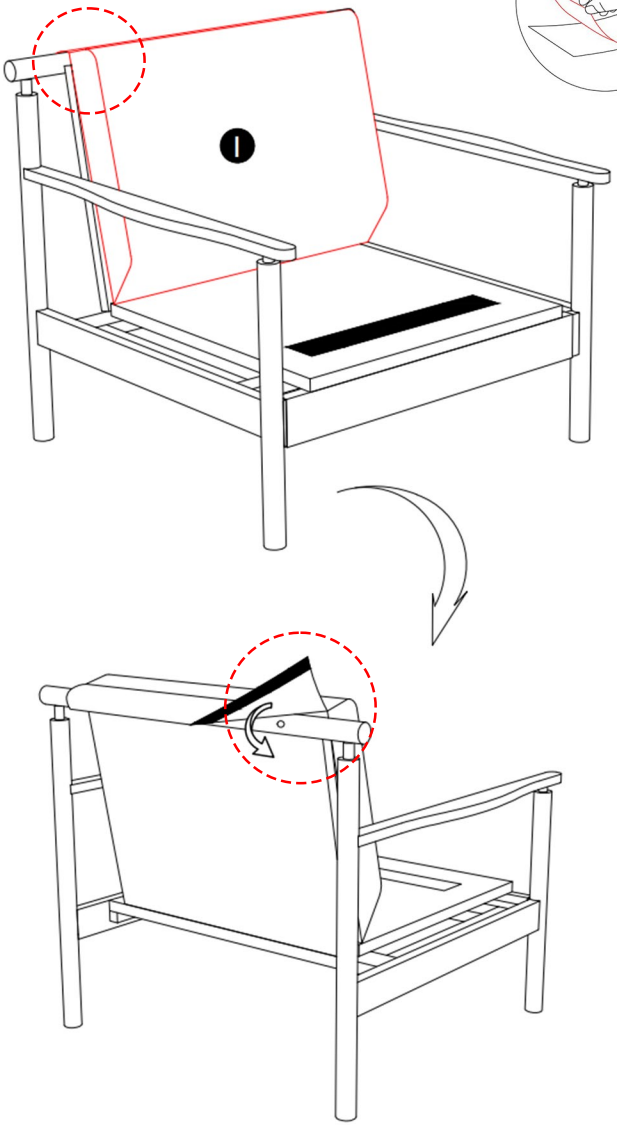

Notice:
We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

step 9 ---Install the Back cushion (I)

Place Back cushion (I) on it ,and then Attach the Velcro as shown.

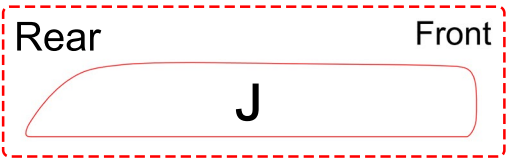

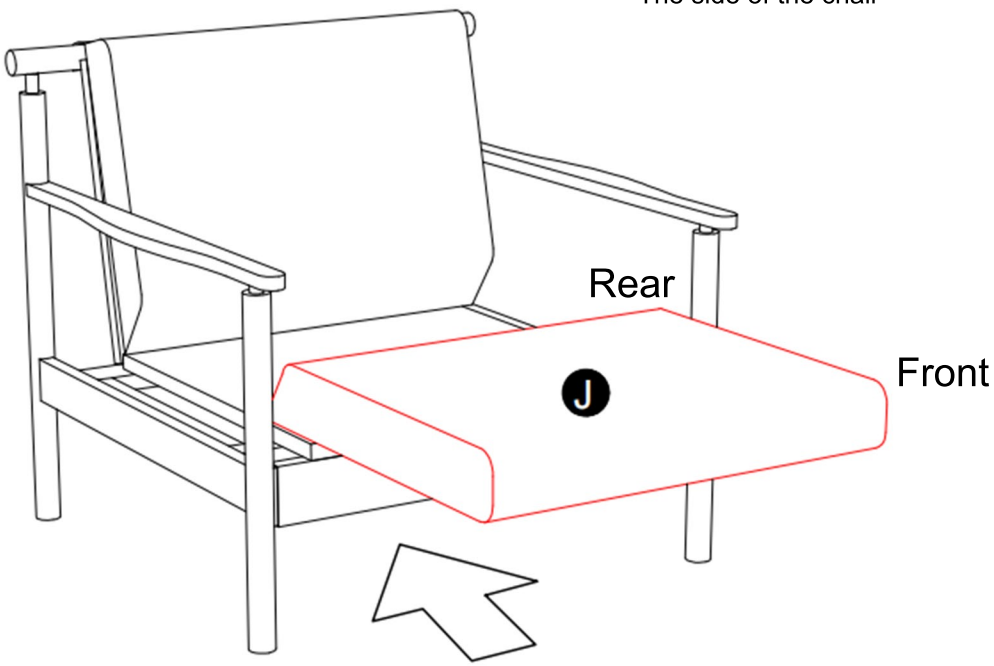

step 10 ---Place the Seat cushion (J) on it

Place the Seat cushion (J) on it as shown.

Pay attention to the distinction of the front and back directions on the Seat cushion (J).

The side of the chair

step 11 ---Assembly complete

Place the chair properly and tidy it up to make it look nice.
Assembly is complete.Thank you for choosing our product!
Please enjoy!
