- * If using a commercial glass or mirror cleaner, be sure to use a standard brand of glass or mirror cleaner that does not contain ammonia or vinegar. Do not use Windex. Never spray any cleaner directly on to a mirror. Instead, apply the cleaner to a soft cloth and then wipe the mirror.
- * Always use soft, grit-free cloths when cleaning a mirror to reduce chances of scratching the surface.
- * Be sure to dry all joints and edges thoroughly to be certain that no commercial cleaner comes in contact with the edges and backing.
