Repeat the drawer installation steps

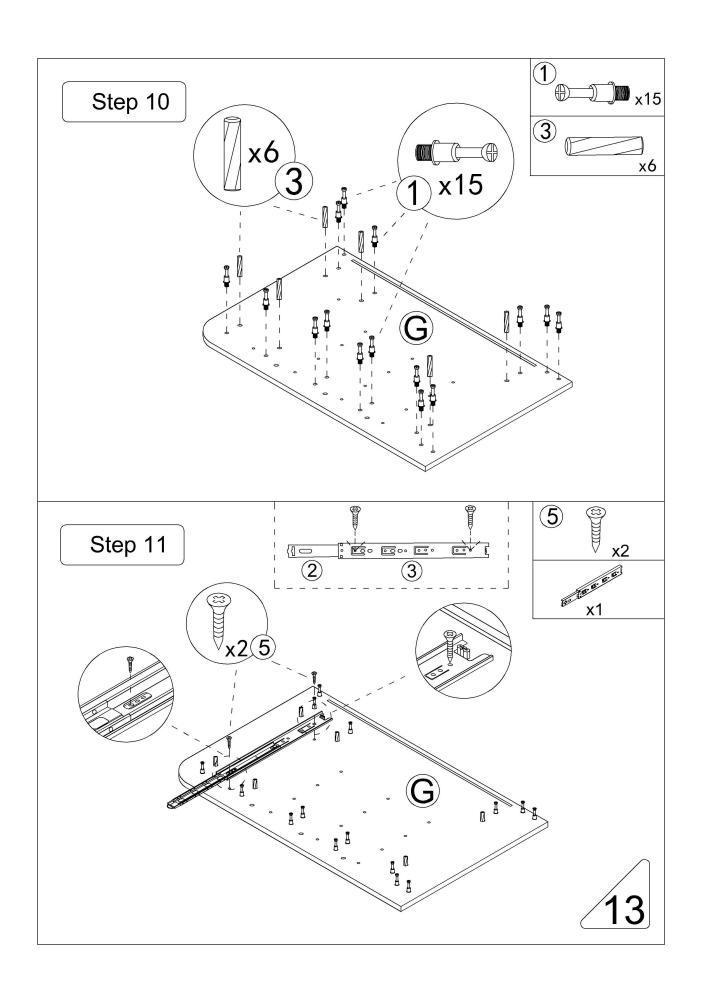

8

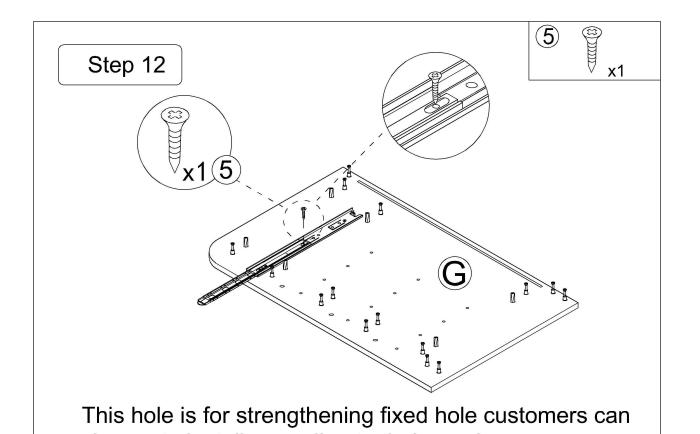

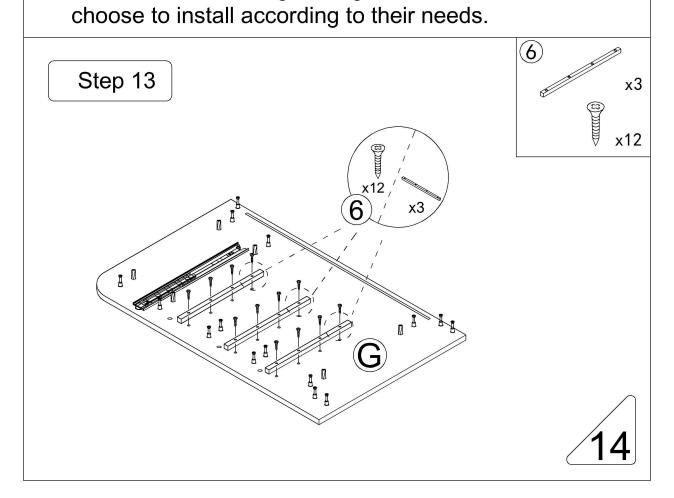

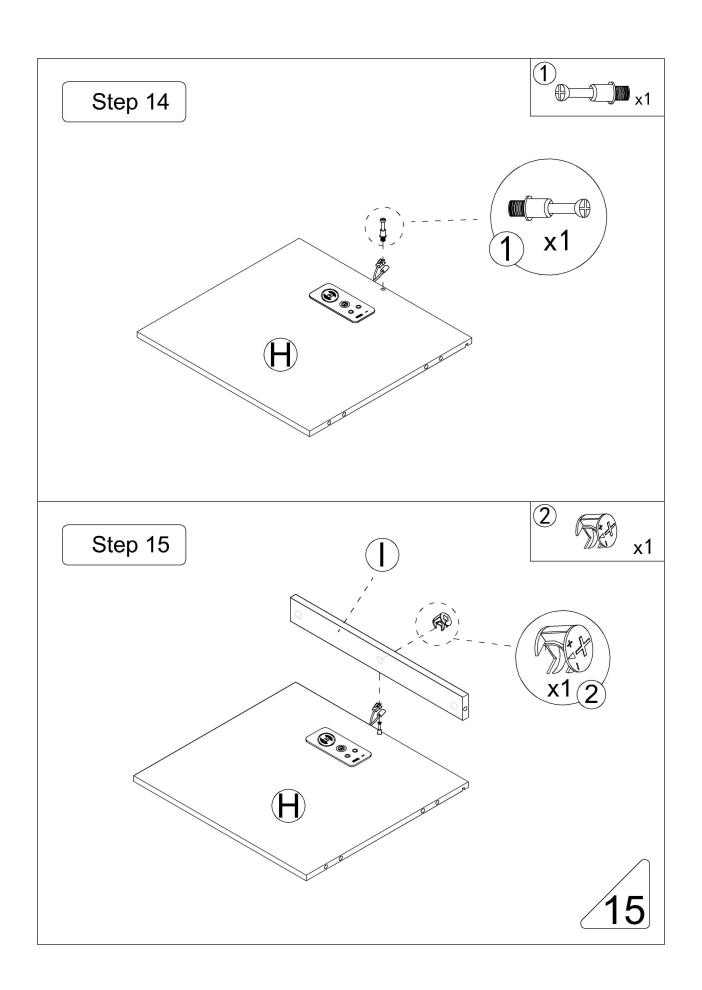

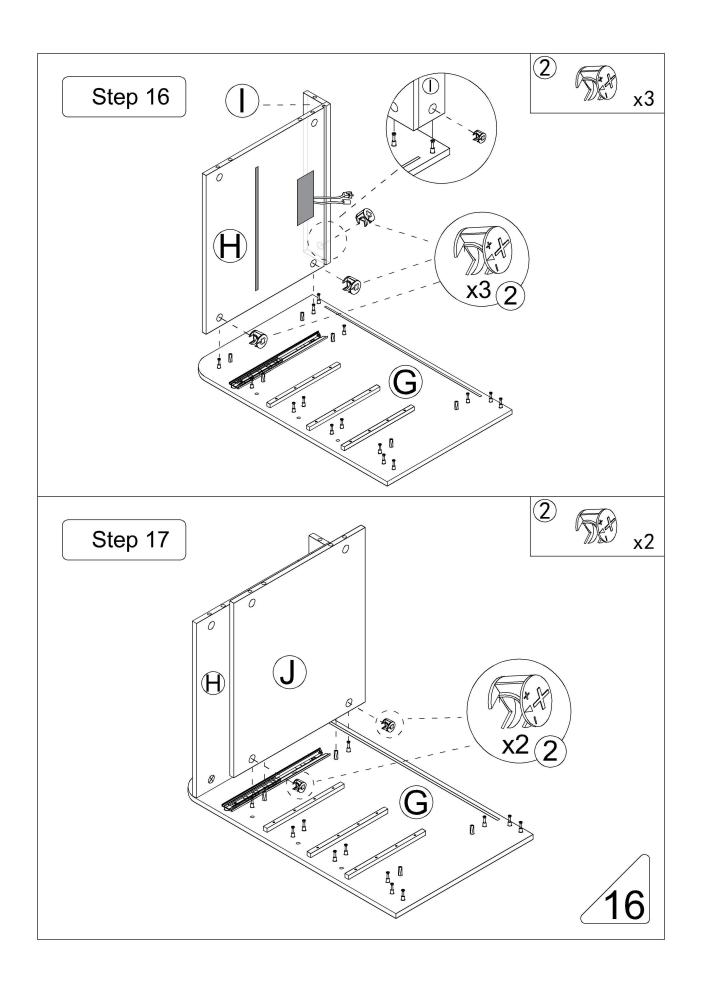

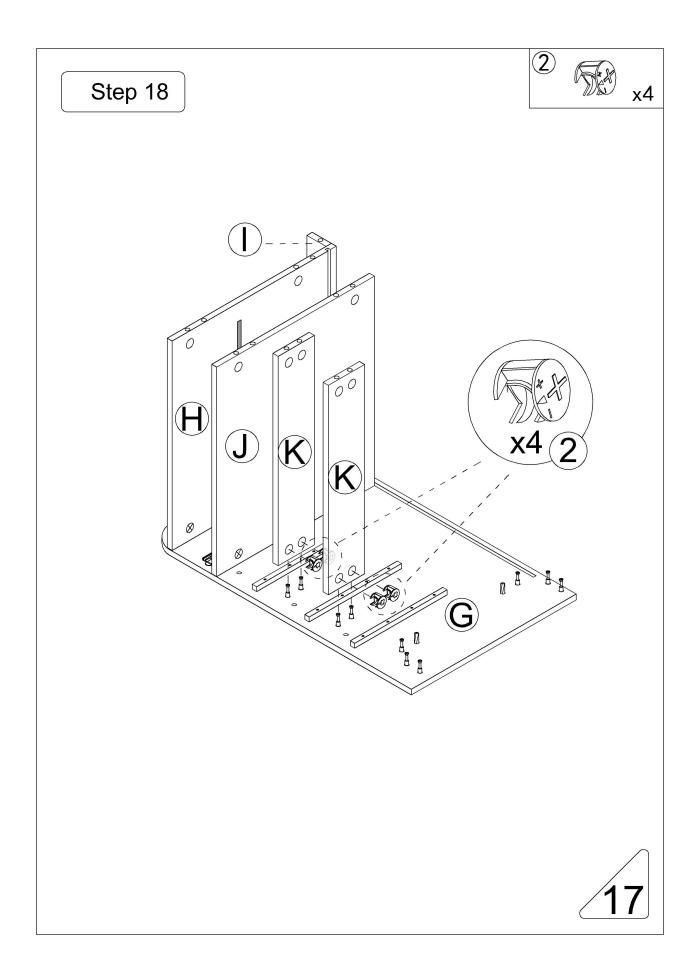

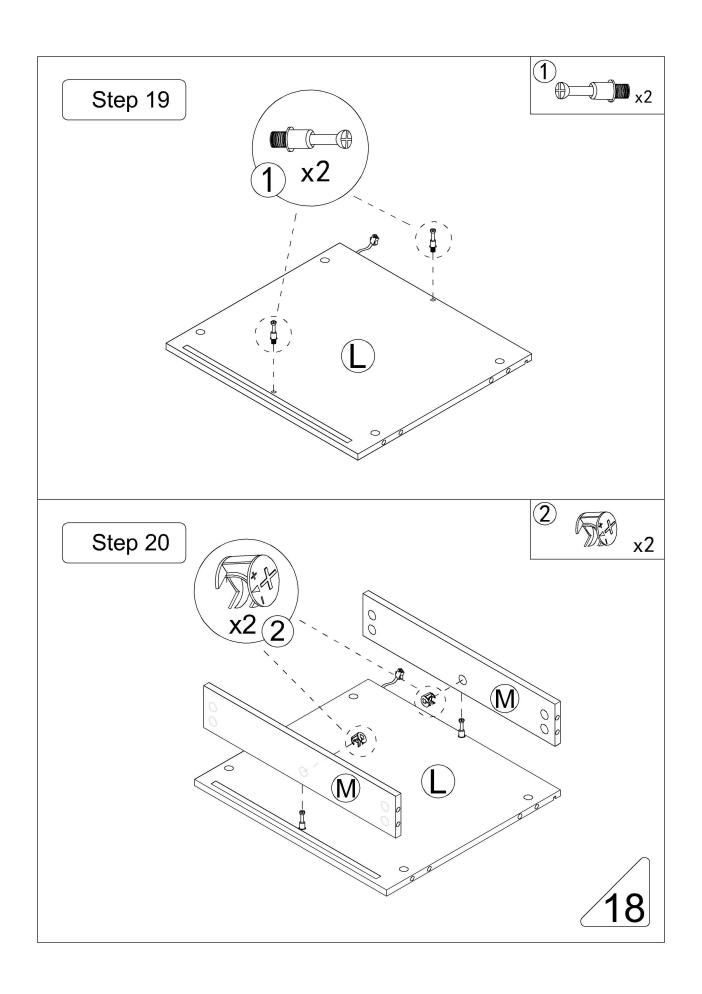

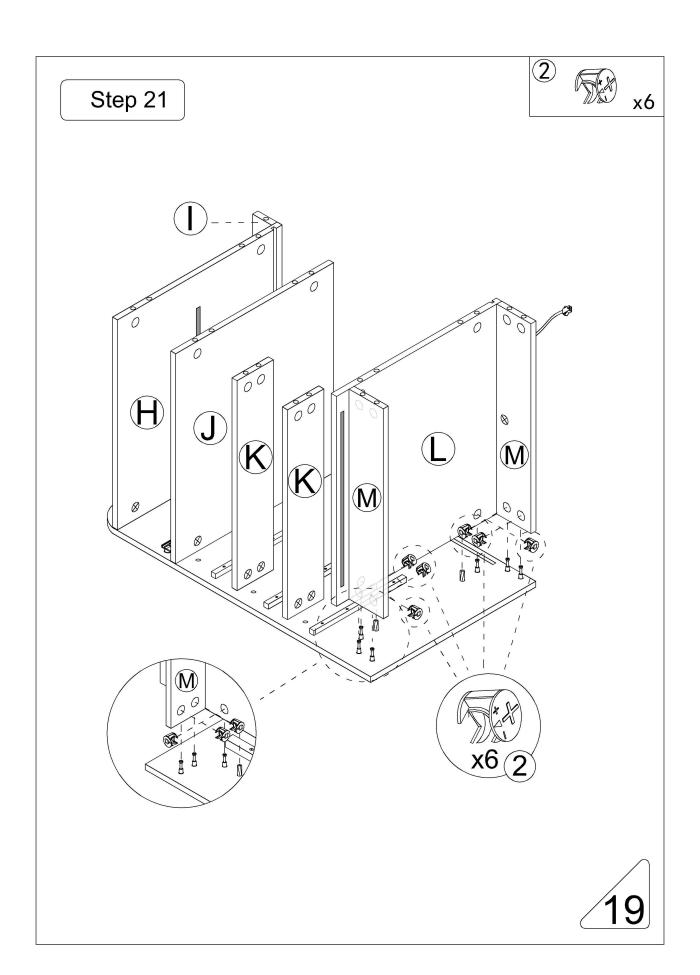

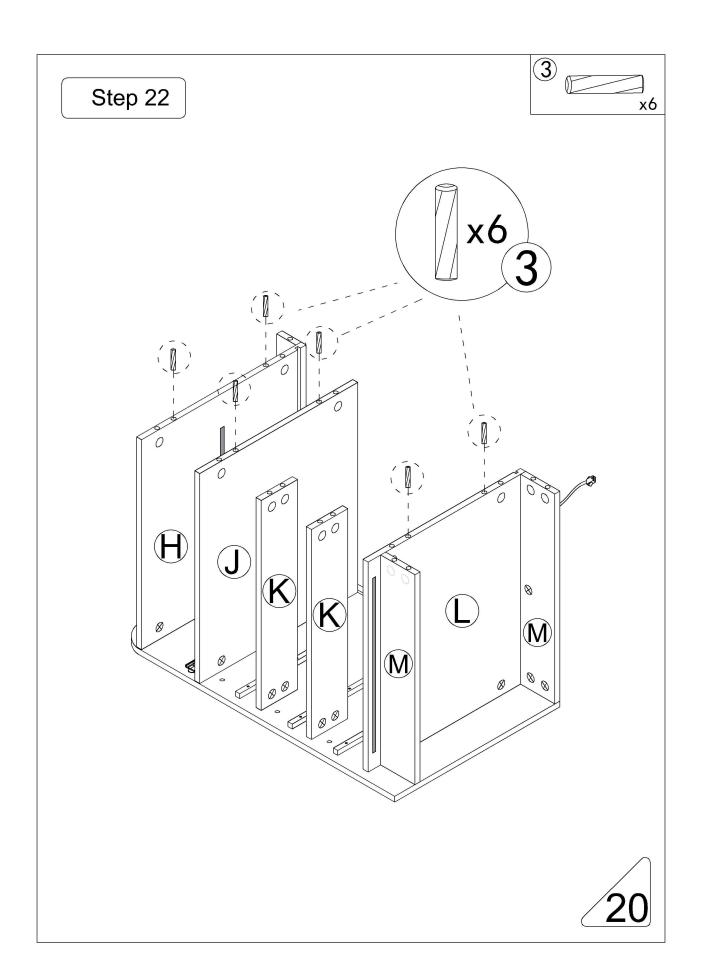

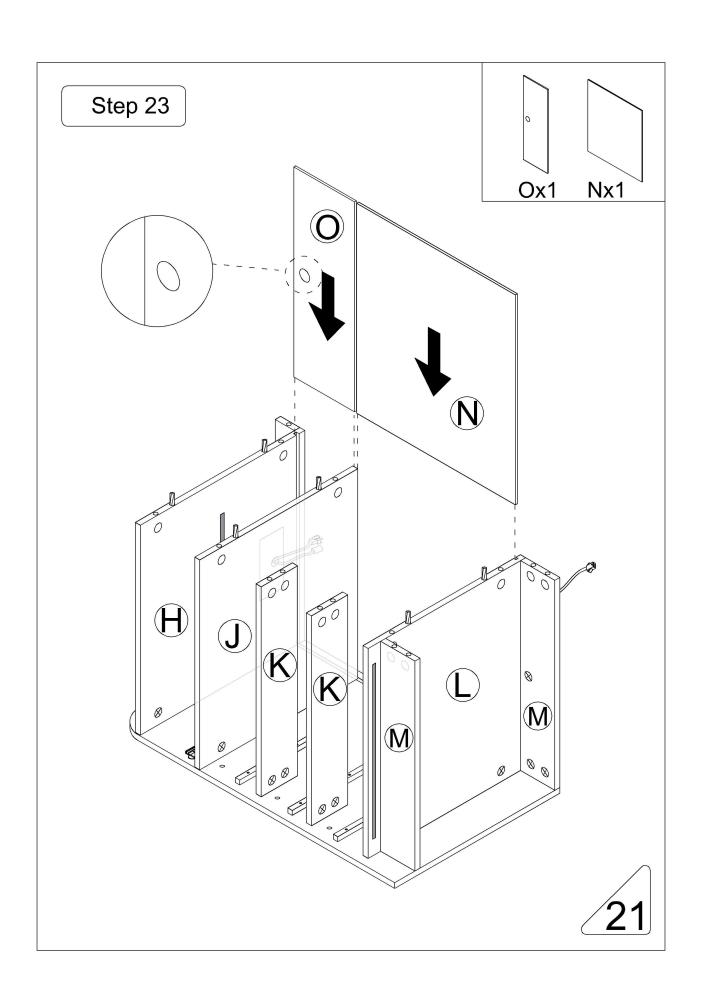

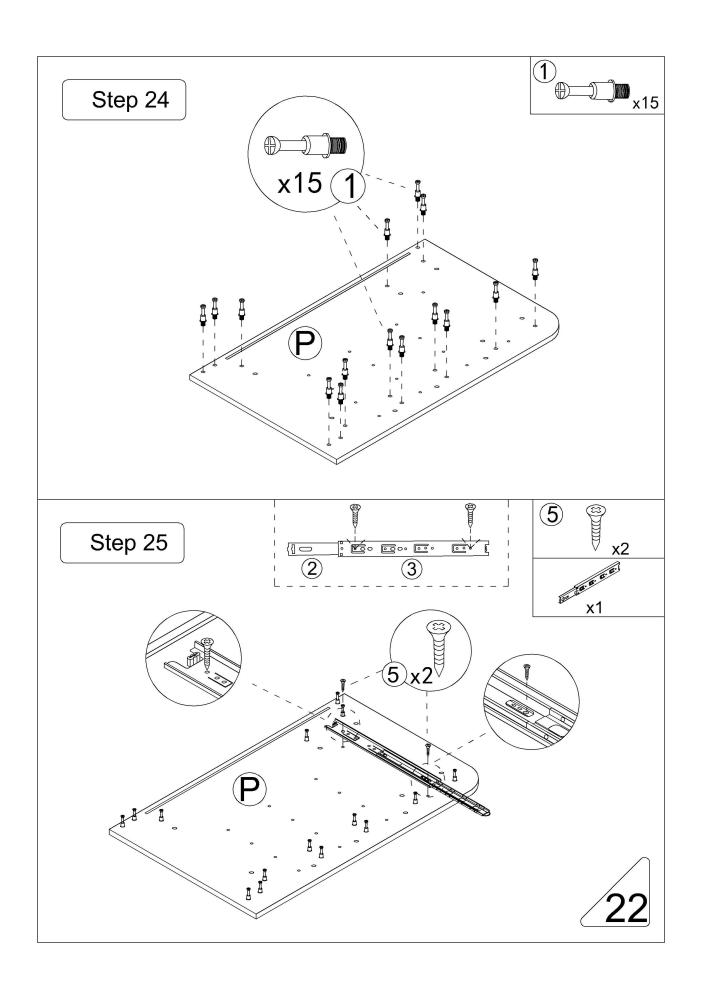

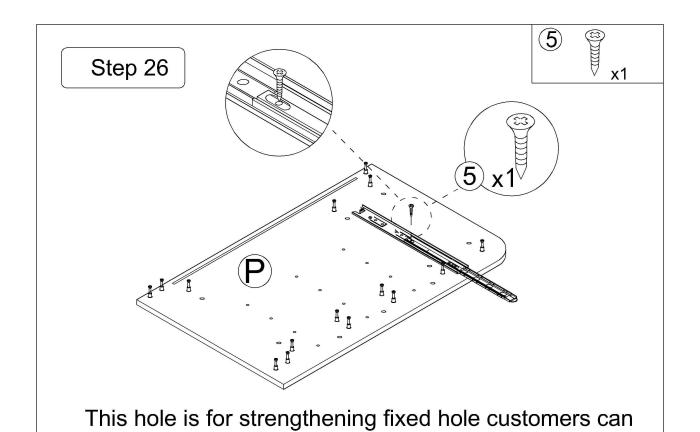

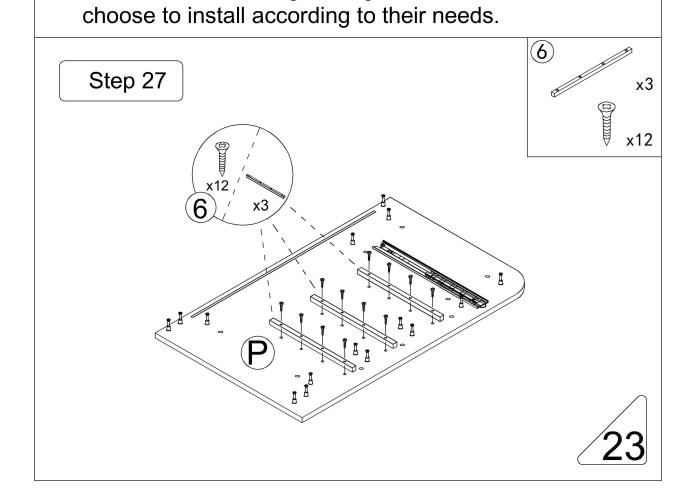

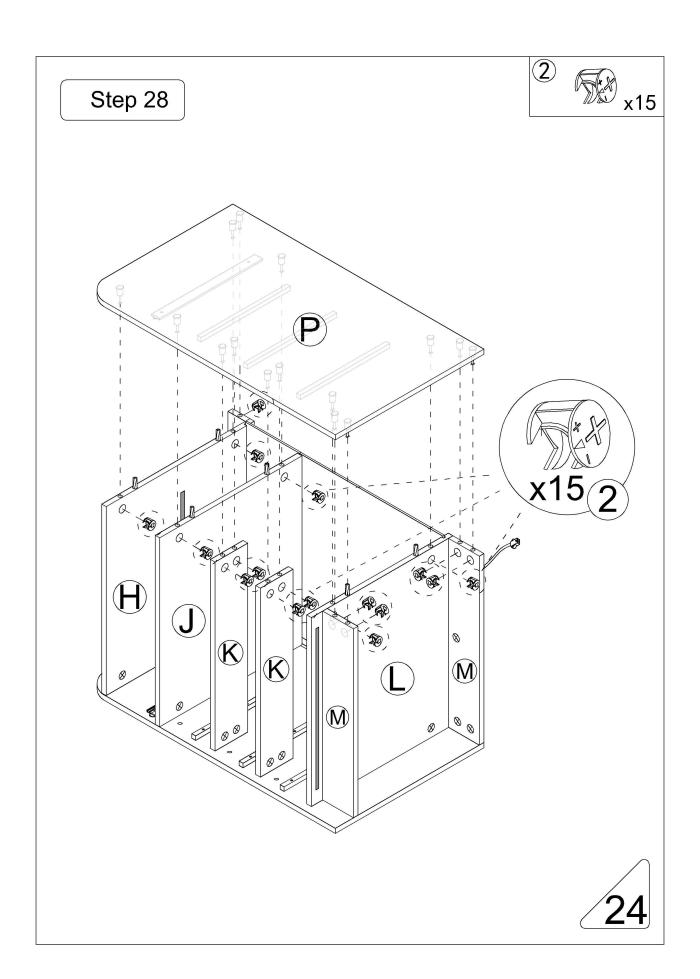

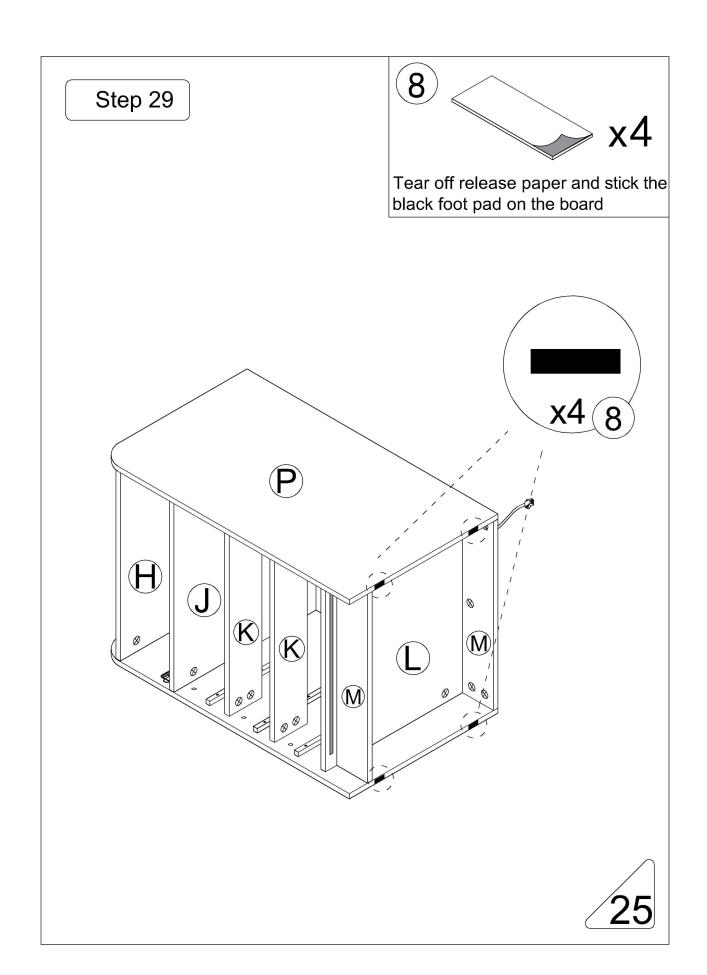

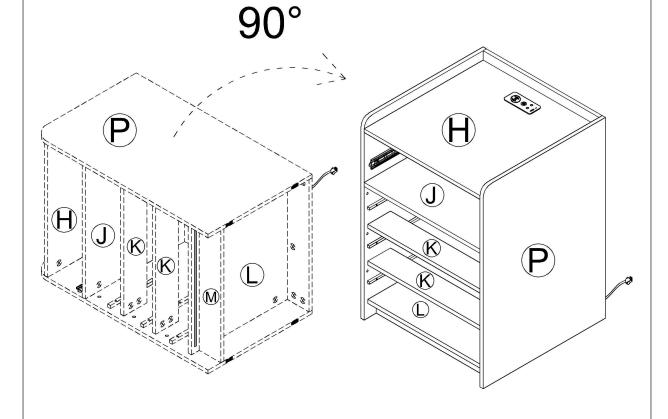

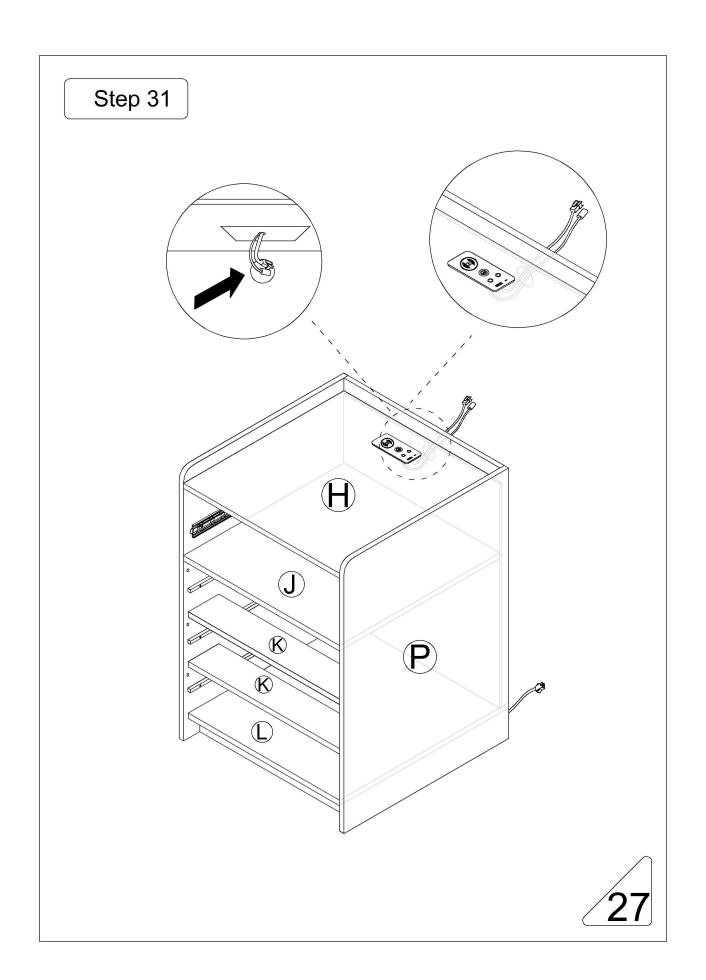

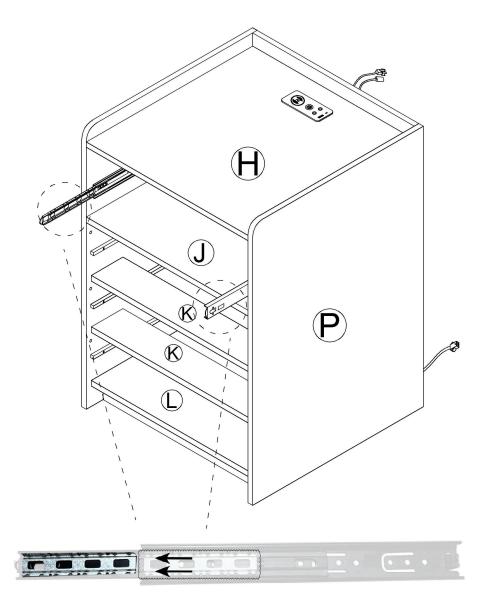

Step 30

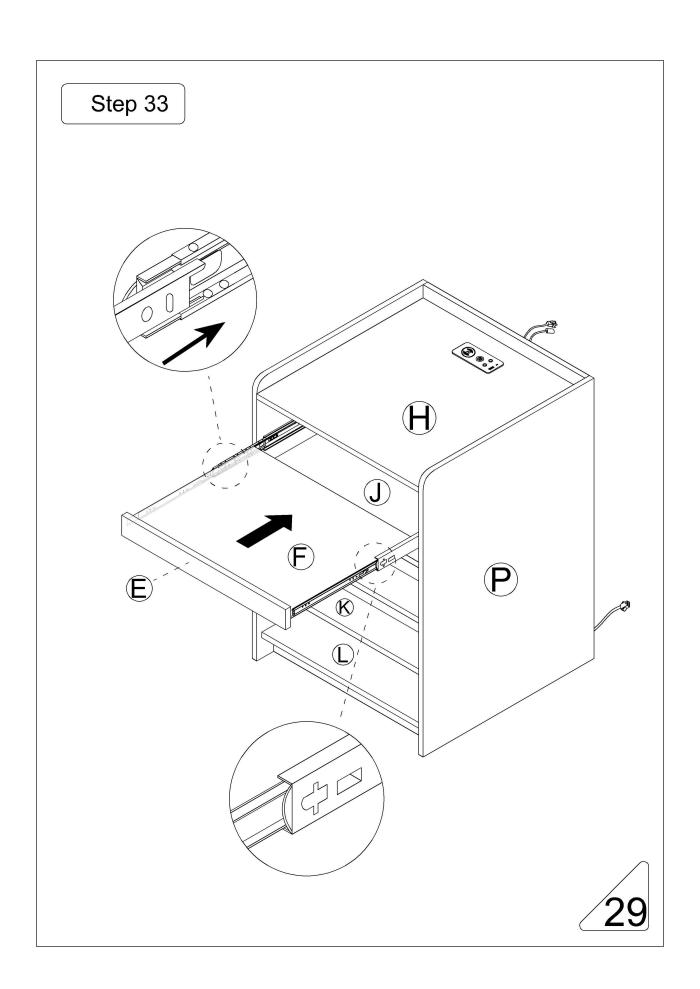

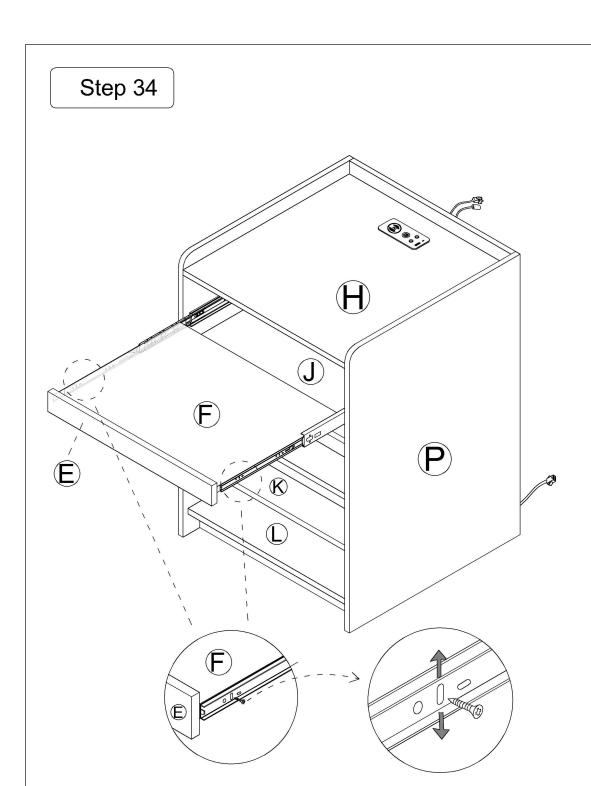

Step 32

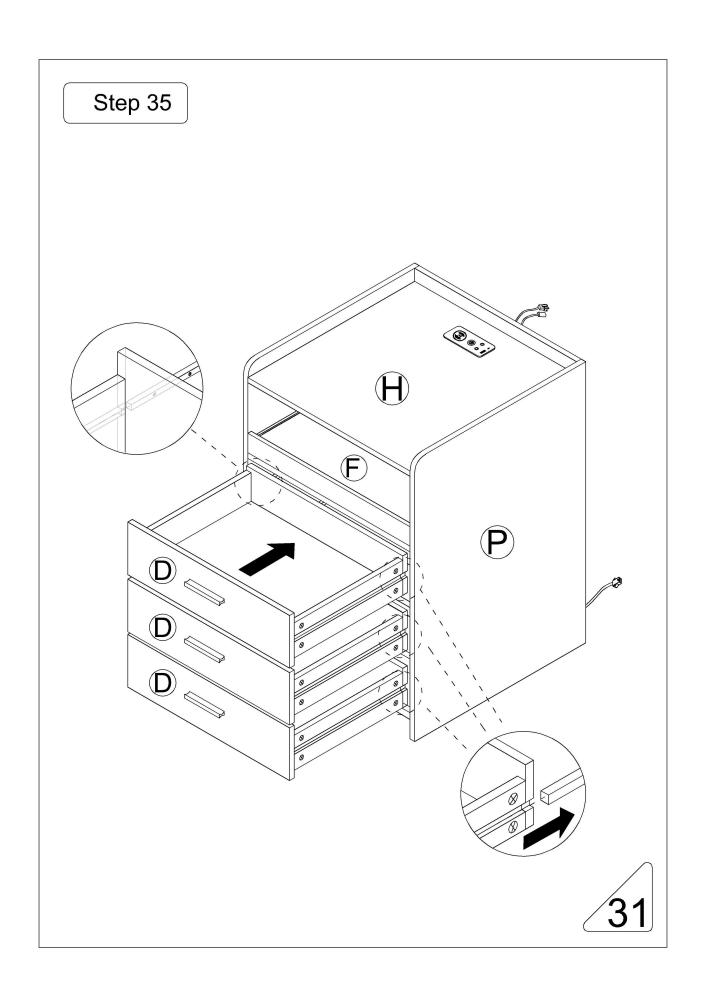

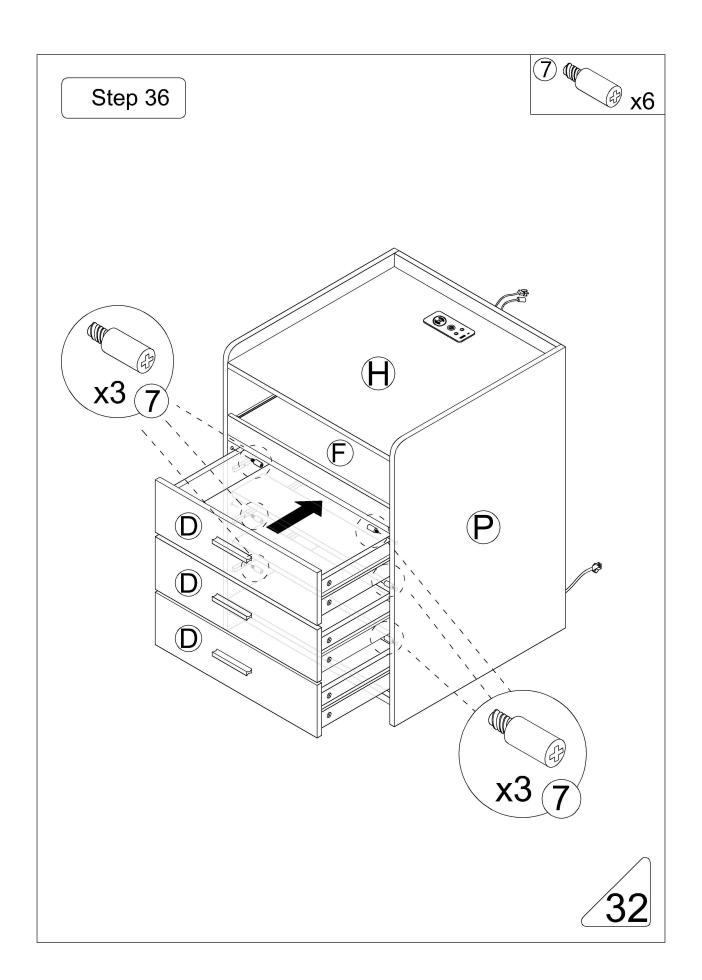

As shown, When installing the drawer, pull the guide rail out first, Slide beads are also pulled out.

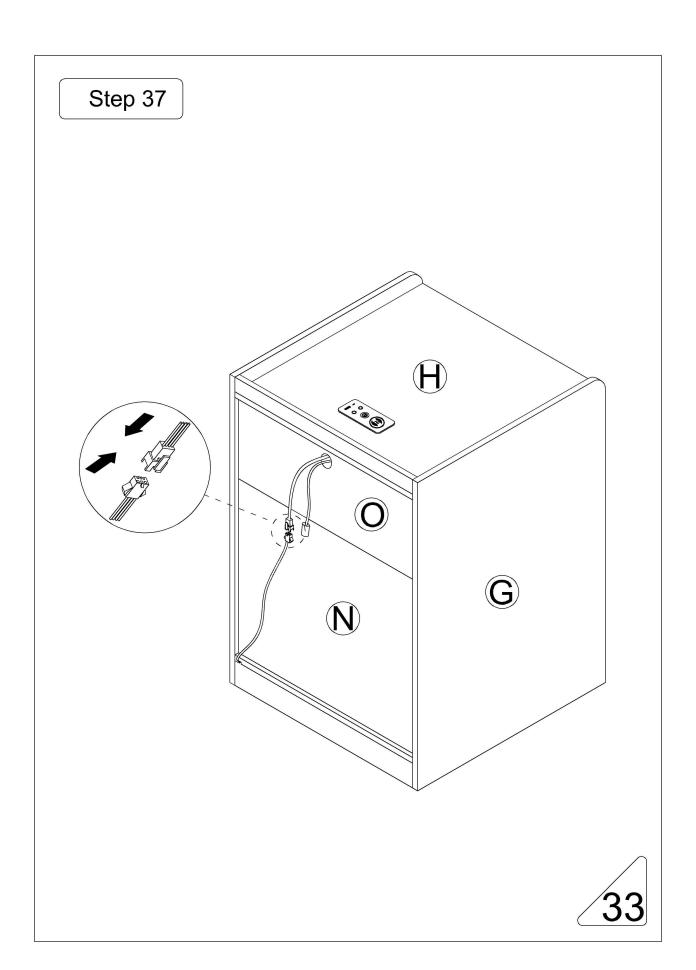

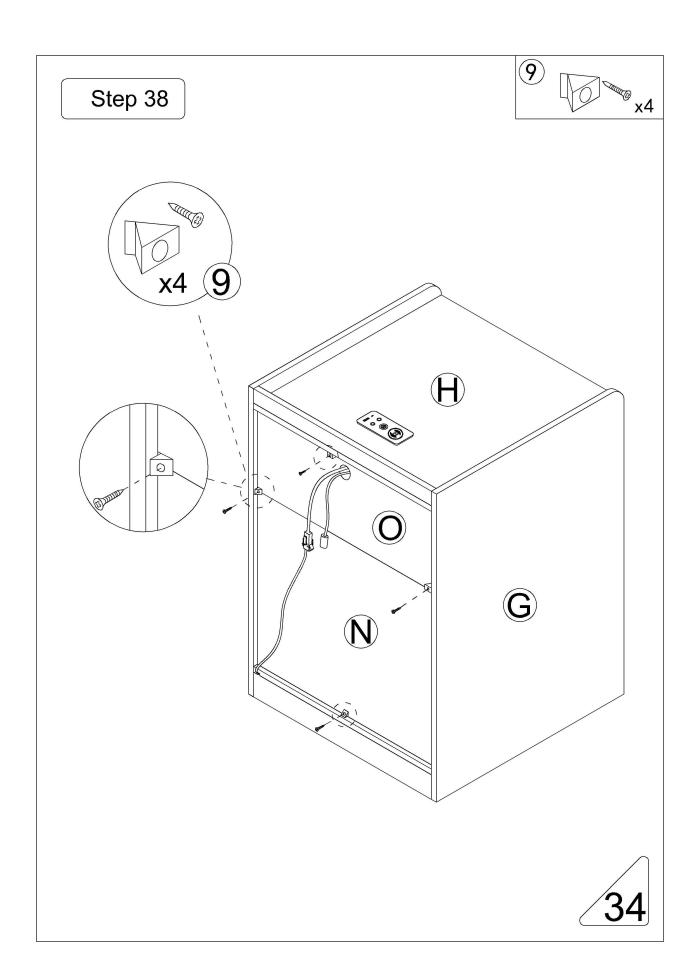

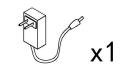

If a large gap is found after installing the drawer the slide rail can be moved up and down to adjust the gap

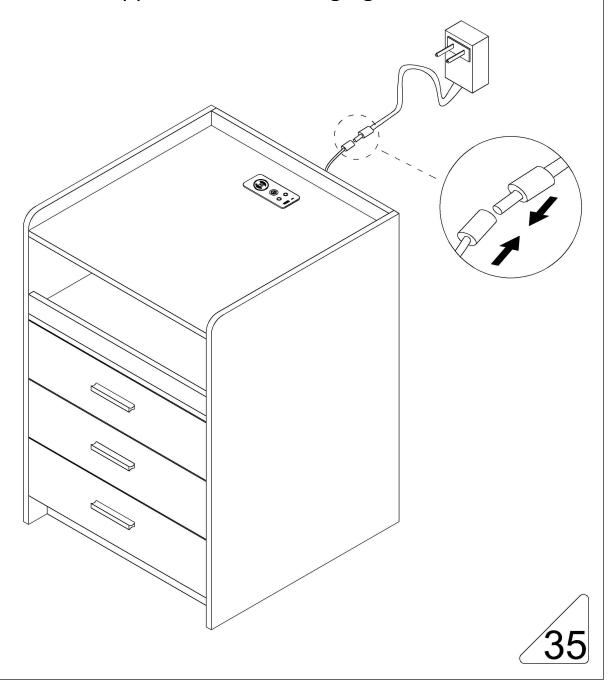

The bedside table supports wireless charging, It can be charged by placing a mobile phone that supports wireless charging

User's Guide

Thank you for purchasing this product.

To use this product, please plug it into a 12V DC power supply.

Please use it if the product works normally after connecting to power.

Introduction

The box is an intelligent controller which integrates the charging function and the lighting control function, coming with 1 USB port and 1 type-C port, 2 touch buttons, a 24-color lighting control button, and a wireless charger.

Operation

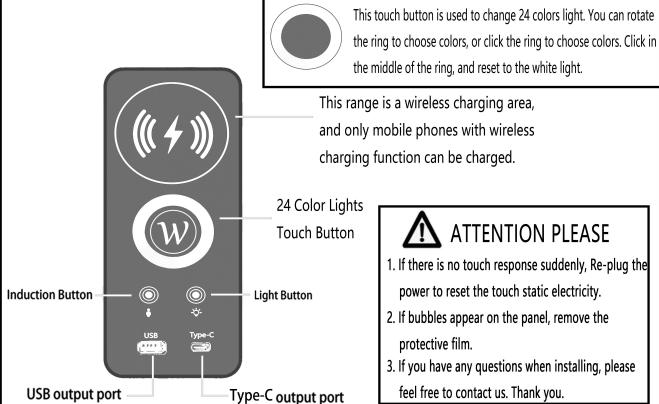

This touch button is used to turn on/off lights and adjust brightness.

A. Long touch -> adjust the luminance.

This touch button is used to turn on/off the induction function.

- A . Short touch to turn on the induction function. It can auto-turn on the light when people are close to the controller within 1 meters. It can auto power off the light when the body is far away from the controller after 30 seconds.
- B. Long touch to turn off the induction function.
- C. Note: When you touch the light button to change the light modes, the induction function will automatically turn off. It is best to turn on this function after selecting the light color and adjusting the brightness you want.

ATTENTION PLEASE

- 1. If there is no touch response suddenly, Re-plug the power to reset the touch static electricity.
- 2. If bubbles appear on the panel, remove the protective film.
- 3. If you have any questions when installing, please feel free to contact us. Thank you.
