

## ASSEMBLING INSTRUCTION

Assemble it by following steps

**Model:**

1. First, twist the spring wire connected between the lamp body and the socket clockwise for 2-3 turns, until the socket can be easily screwed into the lamp body.
2. Screwed the socket into the lamp body clockwise.
3. Insert the harp into the saddle.
4. Place the shade onto the harp and tighten by finial.
5. If the lampshade is tilt, please adjust harp connector until the shade keeps in straight.  
If you don't know how to adjust the shade, please contact us via email.

## IMPORTANT SAFETY INSTRUCTIONS

Caution: this portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.
