

LIANA LIGHT PUMP DISPENSER

Handcrafted from natural coconut shell that has been lightened to a soft, sun-washed tone, this distinctive soap dispenser combines organic beauty with refined craftsmanship. Artisans create thin veneers from the shell's textured surface, piecing them by hand over sturdy wood forms. Each piece is encased in clear acrylic with a satin matte finish, ensuring durability and a watertight seal while highlighting the natural blond hues and subtle texture of the coconut fiber. Made in the Philippines.
