

## Installation

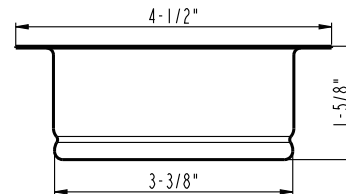

1. Support disposal unit with one hand and inset wrenchette or flat blade screwdriver into mounting lug on lower ring and turn ring to left until disposal is free.
2. Loosen the three mounting screws and remove the snap ring to remove the mounting assembly.
3. Apply silicone sealant around hole and push new flange into hole evenly on silicone. Remove excess silicone from hole.
4. Reattach snap ring and mounting assembly, tightening the three bolts evenly.
5. Align the mounting tabs with the tracks and turn lower mounting ring until tabs lock over ridges.
6. Lubricate gasket on stopper with water and push slowly into the flange.
