Gently and carefully, sit onto to the Sofa.

This will help to align all parts at all the joints.

Then get off the Sofa, and in a sequential manner, proceed to tighten all Bolts.

When tightening the Bolts, tighten sequentially.

DO NOT tighten any Bolt fully and then move on to the next one.

This may cause the frame to warp.

If there are still wobbles, loosen the Bolts and execute the same process.

If the Sofa is not stable it could lead to damage to the product.

Note: This step is done best with the assistance of a second adult.

Step 9

Put Seat Cushions(E) and Back Cushions(F) on the Sofa and stick the magic tape from back cushion to seat cushion as shown above.
