

ASSEMBLY INSTRUCTIONS

Minifix is the main connection material used in dekorister products. Before starting assembly, please check the drawings below...

Dear Customer,
The product you bought was subjected to all sorts of tests and control before sending out to you. Even in this situation, sometimes happen that some components to be damaged during the transportation. In such case please do not send the whole article back to us. Just request under the damaged part. While requesting the damaged part, describe it exactly by looking to service card. Missing part will be sent to you as soon as possible. Before start assembling, please check the whole components and accessories according to the list. After being sure that every part and accessory are okay and right, start assembling. Before start assembling, please clean all the components with a damp cloth. If you bought more than one product, in previous confusion be sure that you completed the first product. Then start the other product's assembling. Never draw the products. While carrying, disassemble and lift the product and not carry with maximum 2 people. For long distances carry the product with the package.
It is very easy to obtain the surfaces of your product. It is enough to wipe with a damp and soapy cloth or other household cleaners. Do not directly contact your furniture with excessive heat, cold and humidity because the product can be affected.

In order to provide better service to you again and gain to the production process of the use of new-recycled waste material support, please let us ... Let us preserve the environment for a better WORLD. Thank you for choosing us :)
