

ASSEMBLY INSTRUCTION

IMPORTANT: PLEASE READ COMPLETE INSTRUCTION SHEET PRIOR TO ASSEMBLY! Identify all parts packed in carton against the parts list. Remove all protective materials, place parts on a nonabrasive surface to avoid scratching. If any parts are missing or damaged, DO NOT attempt to assemble. Please contact our customer service center

Step 1

Place the table top (A) face down on a soft, flat surface. Attach the four table legs (C&D) to the table top (A) using eight bolts (F) and metal washers (G). **IMPORTANT NOTE:** Please refer to fig. 1 for proper placement of the "L" and "R" table legs. **Do not tighten the bolts completely!**

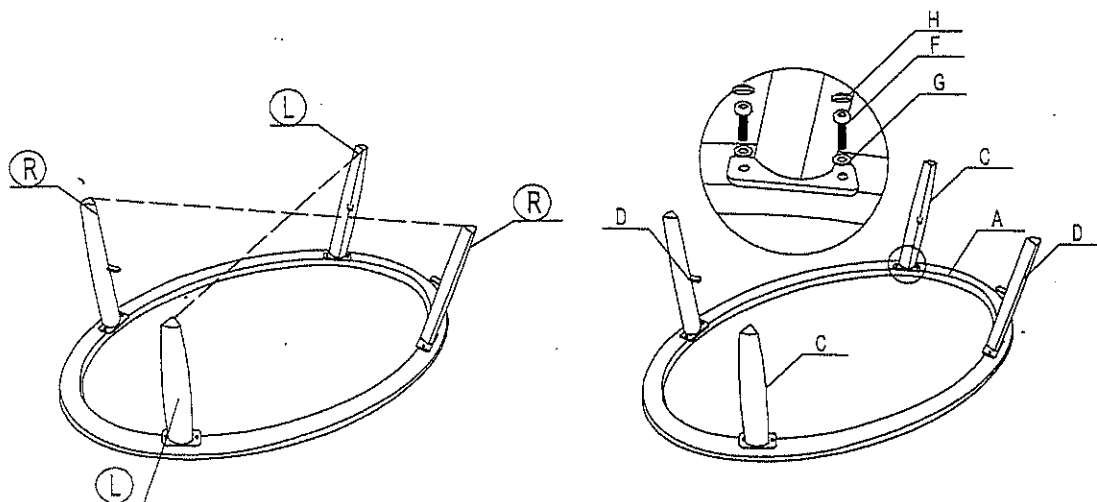

Step 2

Attach the leg connector bracket (B) to the four table legs (C) using four bolts (F) and metal washers (G). Tighten all the bolts completely by using the Allen wrench (I). Cover all the bolts with the plastic bolt caps (H). **IMPORTANT NOTE:** Each bolt should be tightened a few revolutions at a time, alternating between bolts in a cross corner (X) pattern to ensure your table is level.

Step 3

Place the assembled table in the upright position. Place the glass (E) on the table. Your table is now ready for use.
