

# ASSEMBLY INSTRUCTIONS

## Disclaimer:

Thank you for your purchase. Please read carefully and keep these instructions, as you may need them later. We suggest installation by a **licensed electrician**.

Beware of potential electrical shock! Before installing the fixture or removing any other light already present, please turn off the main power at the circuit breaker.

If your product contains glass items, please handle with care, as glass is fragile and can lead to injuries if handled incorrectly.

Please keep in mind that the warnings and instructions present in this document are not meant to cover and prevent all possibilities and situations that could lead to injury or damage. It is the responsibility of the end-user to exercise caution and common sense when handling and installing the product.

All electrical connections must be made by qualified personnel in accordance with the National Electrical Code.

Please refer to the table below for electrical connections:

### Fixture wire markings:

"L" Live wire (Black or Brown)

"N" Neutral wire (White or Blue)

"⊕" Ground wire (Bare copper or Green)

### AC power equivalent:
