THANK YOU!

Thank you for choosing the Melissa & Doug Wooden Table & Chairs! These sturdy table and chairs are perfect for playrooms or bedrooms and are a terrific way to give kids a place of their own where creativity and imagination grow.

NOW IT'S TIME TO PUT IT TOGETHER!

Don't worry, assembling your new table and chairs is simple, and we're here to help. Here are a few tips before you begin:

- Read through all the instructions first.
- Clear a flat, covered space (carpeted is best) to lay out all the materials so everything is close at hand.
- You will need a Phillips head screwdriver (not included) to assemble the table and chairs. We've included everything else you will need. All parts are labeled with a sticker (A-L; 1-2).
- The instructions include lots of helpful pictures—we show you, step-by-step, exactly how to align pieces and parts for speedy and accurate assembly. Note that hardware needed for each step is shown in the upper right corner of the page, each piece being added in a given step is highlighted in gray, and the “assembled view” (what it looks like in the finished product when the step is completed) is included in the lower right corner of every page.
- In the instructions, the name of a part is followed by a letter or number in parentheses. This letter or number corresponds to the sticker on the part, as well as the picture of the part shown on page 2.
- Helpful hints are highlighted with a large exclamation point.

IMPORTANT: Helpful hints are found here.
