

ASSEMBLY INSTRUCTION

WARRANTY

Welcome to the Family

Here we are committed to your satisfaction by offering you a competitive warranty to ensure all of our products are free from defects, in material and workmanships, to the original purchaser for a period of one year from the date of your purchase.

How it Works

We are happy to furnish a replacement at no cost to you in the case we determine a component to be defective. While our warranty applies to conditions of normal use, it does not apply to defects or damage resulting from intentional or accidental damage, outdoor use, negligence, or unreasonable use.
