

HAMZA CHAIR

Concentric layers of thick, palm gray rattan poles frame the foundation of this elegantly eccentric and wildly organic chair. The rounded arms seamlessly flow into a tightly wrapped pencil rattan back that sits low for maximum support. A comfy mink leather cushion completes the seat, elevating the look with an edgy appeal. Its natural aesthetic allows this piece to easily blend with existing décor. Finish will vary.

SHIPPING REQUIREMENTS: TruckShip

CONTRACT: Contract Recommendations: Adding a lacquer coating provides additional protection
