BEFORE STARTING ASSEMBLY

- ① Please check all parts and components to ensure that there are no damages or missing items BEFORE starting the construction of the product.
- ② For ease of construction, you may need a Power Drill (Cordless, Variable Speed).
- ③ It would be much easier to assemble the product with two or more people.
- ④ Some parts have metal edges. Please be careful when handling components.

IMPORTANT: Please contact Customer Service if you have any problems or discover any missing parts.
