CERTIFICATE OF LISTING

 **C**

Effective Date: August 2013 Void After: August 2016

Product: Plumbing Fixture Fittings File No. 6737

Issued To: Kaiping Heart Cartridge Co., Ltd.
No. 28 Heliwan Dong Road,
Shilou Town,
Kaiping City, GUANGDONG
China

Identification: Plumbing supply fittings complying with this Standard shall be marked with the manufacturer's recognized name, trademark, or other mark or, in the case of private labeling, the name, trademark or other mark of the customer for whom the fitting was manufactured. The marking shall be accomplished by use of a permanent mark or by placing a permanent label on the product. Markings on plumbing supply fittings shall be visible after installation.

Single-handle, single-control, and automatic compensating mixing bath and shower valves shall have identifiable temperature control settings in which the settings are indicated by words ("cold", "warm", "hot", etc.), by numbers, or graphically.

Packages shall be marked with the manufacturer's name, trademark, or other mark as well as the model number or, in the case of private labeling, the name, trademark, or mark of the customer for whom the fitting was manufactured as well as the model number.

Chairman, Product Certification Committee CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any violation of the requirements of this listing period, shall constitute a violation of the listing period. This listing period shall be extended to the next listing period. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate shall be grounds for revocation of the listing. This document shall be reproduced in its entirety.

INSTALLATION STEPS

Quick installation without hurting the wall

No punching, no tools, you are also a home improvement expert

1 Choose the location of the wall and use a dry towel to wipe off the water and oil on the wal.

2 The back of the product is not easy to dispense too muchl.

3 Loosen after 1 minute after flattening by hand.
(note that it is fixed with auxiliary stickers after flattening)

4 After waiting for 72 hours, the glue solidifies.

5 Ready to use after installation.

CLEANING CARE

In order to keep the product surface bright, please keep often or regularly to clean the product. Wash holder with clean water, and wipe with soft cotton cloth.

Avoid using cleaning power, harsh cleaning chemicals, brushes, and cloth with coarse surface to prevent scratching and corrosion.

Do not use acidic cleaning agents for washing the product as it may cause corrosion on the surface of the faucet in contact with harmful acidic agents.

Please feel free to contact us if you have any questions. We will help to solve the issue together with you. OUR EMAIL: services@rbrohant.com
