CARE ADVICE**

**NO POWER TOOLS**

**SAFETY AND CARE ADVICE**

- Check you have all the components and tools listed.
- Remove all fittings from the plastic bags and separate them into their groups.
- We do not recommend the use of power drills/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers and Allen keys.
- Keep children and animals away from the work area, small parts could cause choking if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- Assemble the item as close to its final position (in the same room) as possible.
- Do not over tighten the nuts to avoid causing damage to the threads.
- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit
- This product should not be discarded with household waste. Take to your local authority waste disposal centre

**NOTE:** The quantities above are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

## STEP

Use a clean, flat, soft surface to avoid any bumps or scratches. Connect front and back legs [2 & 3] together with support [4] - secure with 2x screws [p70] and tighten with screwdriver. Repeat with 2nd pair of legs.

## STEP 2

Attach the legs to the table top. Place your table top upside down on a flat soft surface. Align legs with pre-drilled holes in the table frame and secure with 2x washers [g26] + 2x bolts [j56] on each leg-top (8 of each in total). Tighten with Allen key [z1].

### STEP 3

Add leg support braces [5] on each leg. Align the pre-drilled holes and secure with 1x screw [p3] on either end - 8 in total. Tighten with screwdriver.

### STEP 4

Carefully, and with help, flip your table so it stands on its feet. Check stability. Your table is now ready to use!
