

## BACK TAB & ROD POCKET CURTAIN - SIZE GUIDE

Sample: 52"W x 84"L (Set of 2)

Per Panel Width: 52"  
(unfolding size)

84"

For curtains of the same length, the hanging style affects the total height (rod to bottom). A hook belt, for example, adds about 1.5-2 inches.

### Please Note:

1. Hooks and rings are not included.
2. To achieve a nice look, curtain width should 1.5-2 times to rod width.
3. Please allow slight deviation of 1" due to manual measurements.

Total Length: 84" (from top to bottom)  
Flat Width per Panel: 52" (unfolded)
