

Installation Steps:

A: Pass the power cable from the lamp cap tube (16) through the iron parts(14) straight tube (13,12,11,10,9) universal head (8) canopy (6), and then connect these accessories to tighten and fix.

B: Fasten the mounting plate (2) to the junction box with screws (3).

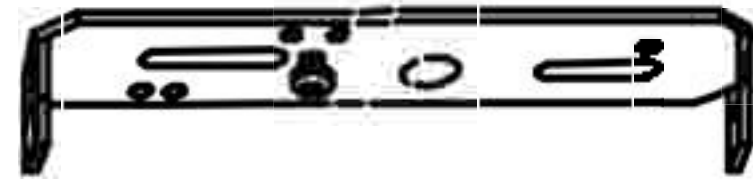

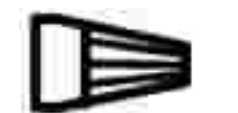

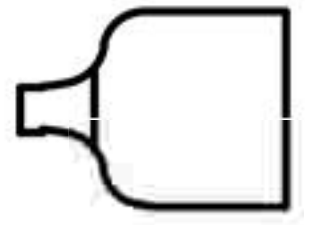

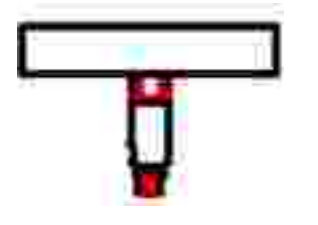

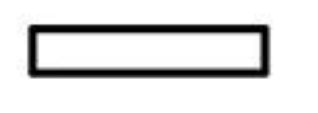

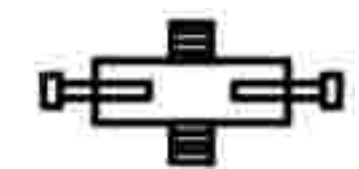

C: Connect the power cable (4) of the lamp body to the external power cable using a wiring cap (1), secure the ground cable (5) with a green ground screw, and then connect the wiring cap (1) to the external ground cable.

D: Fix the canopy (6) on the mounting plate (2) with screws (7).

E: Lock the glass cover (18) to the iron parts (14) with screws (15).

F: Install the bulb (19) (not included) to the lamp holder (17).
