INSTALLATION STEPS

1. Connect all tubes securely and rotate to tighten.
2. Assemble the assembled lamp pole on the chassis.
3. Fix the lampshade on the lamp base with the lamp base ring, then screw on the smart bulb.
4. Through the knob here, you can adjust the topmost tube up and down, thus adjust the height of floor lamp you want.

QUESTION & ANSWER

Q: After powering on, my lamp doesn't work. What should I do?

A: Please check whether the lamp is really powered on and the switch is on.
Please make sure the light bulb you are using is the good one.
Please check whether the copper pieces inside the bulb socket contacts well with your bulb.

None of these 3 steps? Just feel free to contact us for a replacement.
