Wish you happy playing! ! !

**1** Starting with who goes first, each player will take turns placing ONE donut at a time into ANY of the slots at the top of the board.

**2** Players continue taking turns until one player gets FOUR of their colored donuts in a row! They can be lined up horizontally, vertically, or diagonally.

In the event of a stalemate, and no one was able to make 4 in a row, an automatic re-match is necessary. THERE CAN ONLY BE ONE CHAMPION!

**3** Play a new game by pulling the sliding lever at the base of the board to release the donuts. Replace the lever and PLAY AGAIN!
