assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

step 1:

Turn the tabletop (A) upside down. Align the stickers on the table legs (B) with their counterparts on the tabletop (A).

step 2:

Start by attaching any one table leg (B). Use bolt (C) for slot given on the inner side of the leg and bolt (D) on slot given at the outer side of the leg.

step 3:

Then, fix the leg in place using washer (E), lock washer (F), and bolt (D), in the sequence (E - F - D). Tighten all points using allen-key (G). Repeat the same steps for remaining legs.

Voilà! Your table is now assembled and secure!
