■ Attention :

1. If you want to change the 2700k vintage Led bulb included , incandescent light bulbs less than 60W are greatly recommended . Not all Led bulbs are fully compatible with the dimmer system of the lamp , so it may cause to flicker or lose dimming function with other Led bulbs .
- 2.The bulb will increase the brightness when it is reaching its lifespan or has partial short circuit . At that moment , please switch off , change a bulb and use it as you would normally .
- 3.The total current of usb A + C charging ports is 2.1A. If two devices are charged at the same time , the current will be distributed .
- 4.Please shut off the power and unplug it before you screw in a new bulb .
- 5.Don ' t put the lamp in overheating working condition or cast it into fire .
