## Notes

1. Please check the style and size before purchasing. The natural leakage of inflatable products is normal.
2. It is recommended to put this product against the wall for higher stability and to reduce the risk of tipping over.
3. Due to the malleable nature of PVC, the initial softness of our inflatable sofa is normal and not the result of air leakage; During first use, it may require a quick 10-15 second re-inflation to achieve the desired firmness.
4. Please do not over-inflate or flush high-pressure air. Please do not bounce on this product. Please do not place the product next to flames or hot objects.

5. If you haven't used it for a long time, please fold it and place it in a flat place away from light, avoid excessive friction and sharp objects touching it.
6. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement and make sure you do not mind before ordering.
