FEATURES:

Stunning in its simplicity of lines and its artful hardware, this version of our Briallen Nightstand has an elegant Caviar black stained wood and an impressively sized brass flower pull that steals the show. The stylized floral accent that serves as the pull makes this cabinet a bit of haute couture for a space. Place it in a beautifully designed boudoir for its form and function. We also offer the black Briallen in a Demilune cabinet, and in a nightstand and Demilune in gray.
