

## THEODORE DINING TABLE

Traditional design and mixed materials compose the clean-lined silhouette of our Theodore Dining Table. A round, gray solid marble top is fashioned to a tapered wood base that has been sandblasted in an ebony finish. The beveled edge of the marble top adds depth and dimension, while the dark stain of the finish accentuates the wood's natural textures. The natural composition and its height makes it a modern dining table. For a smaller version, see our Theodore Side Table (6852). Marble may vary
