

YZZW-V 1

FTPLGH-0001

GREENHOUSE

1. Three or more people are required for the assembly.
2. A ladder is recommended during assembly.
3. Ensure you have all the required parts and organize them before assembling.
4. Wear gloves the entire time so you don't cut your hands.
5. Do not use candles, matches or open flames of any kind inside or near a tent.

# 5

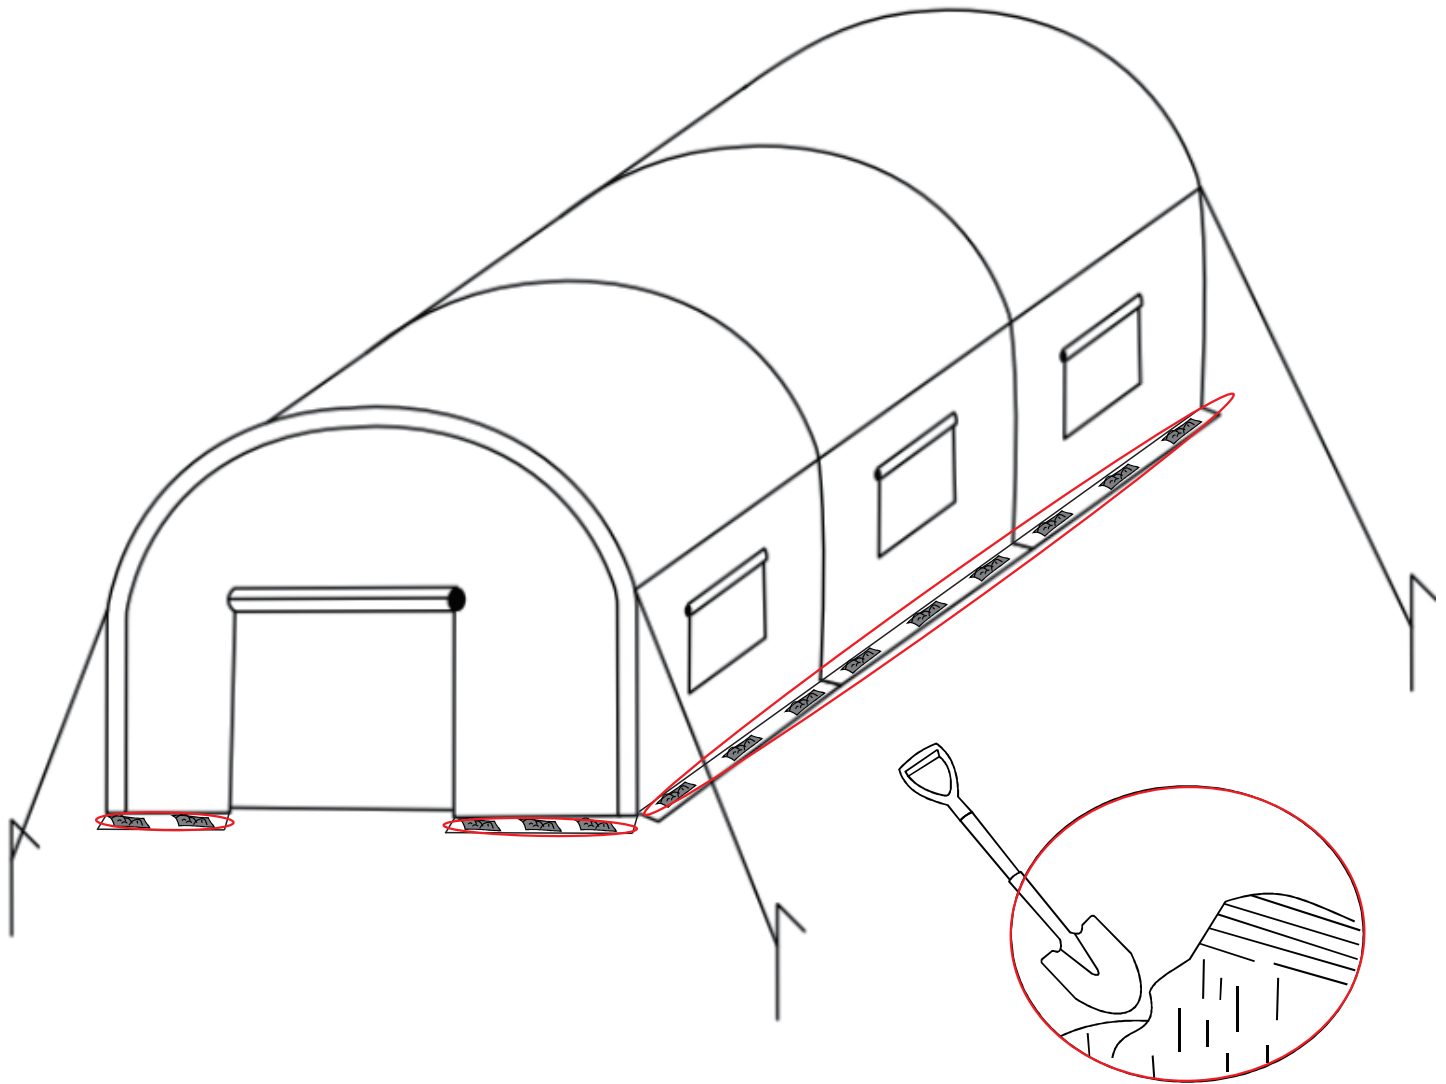

Use ties to fasten the top cover to the frame.

To improve wind resistance,  
**be sure to complete this installation step.**  
If ground nails are not installed, strong winds may topple the gazebo.

# 6

Improve greenhouse stability by cementing the peripheral base with soil(Optional).
