- Please install it properly to ensure no water leakage.

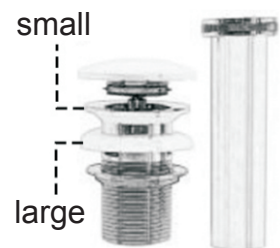

RISK-FREE PURCHASE

- If you have any questions, please feel free to contact us. Your satisfaction is our top priority. You are happy, we are too!

STEP 1

Check the received product: 1 basin, 1 drain, 1 pack of screws.

STEP 2

Unscrew the drainer (if have):

The small sealing ring is tightly attached to the upper part, and the large sealing ring is reversely mounted on the thread.

STEP 3

The upper part of the drain is installed in the basin. The small sealing ring is its buffer.
