1 Install the four leveling feet onto the underside of the base panel.

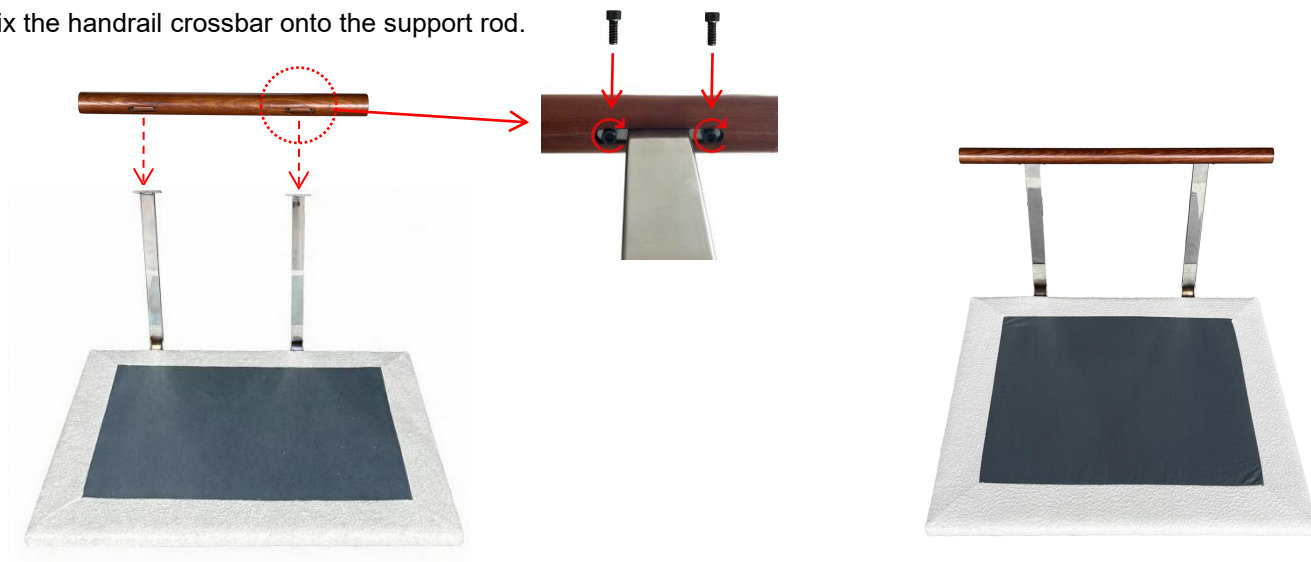

Attach EVA silent anti-slip foot pads to the sofa legs.

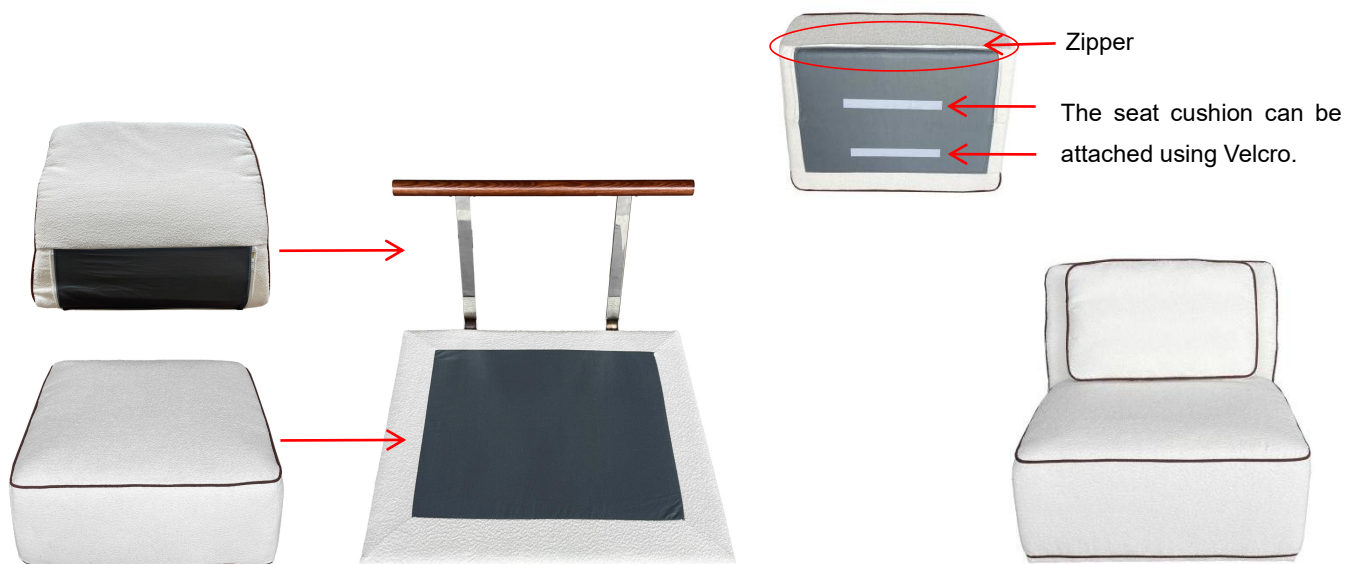

2 Fix the L support rod with 8x25mm screws.

3 Fix the handrail crossbar onto the support rod.

4 Place the seat cushion and back cushion. Note: Place the side with the zipper of the seat cushion facing backward.

5 Apply the connection buckles to connect the seats together (or not, it's totally up to users).
