BEFORE STARTING ASSEMBLY

① Please check all parts and components to ensure that there are no damages or missing items BEFORE starting the construction of the product.

② For ease of construction, you may need a Power Drill (Cordless, Variable Speed).

③ It would be much easier to assemble the product with two or more people.

④ Some parts have metal edges. Please be careful when handling components.

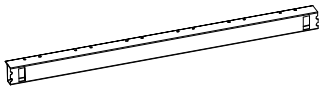

⑤ Cleaning tips: For a quick clean, simply wipe with soap and water; for a deep clean, use a clean cloth to apply a solution of 1/3 bleach and 2/3 water to the lumber, let it sit for a few minutes (this won't affect the color), then loosen dirt and debris in surface grooves with a soft-bristle brush and rinse with a hose.

IMPORTANT: Please contact Customer Service if you have any problems or discover any missing parts.

T S4 1X

Assemble connecting rod to the table frame with 4 bolts #L.

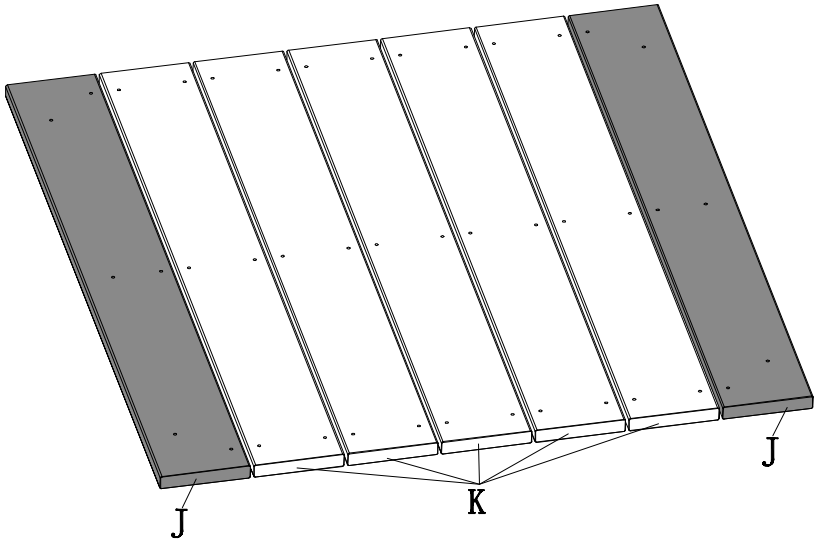

Stand the table upright on a level surface, adjust the frame until diagonal measurements on both sides are equal（A deviation within 0.1 inch is within the normal range）, and then tighten all screws to 100%.

J 2X

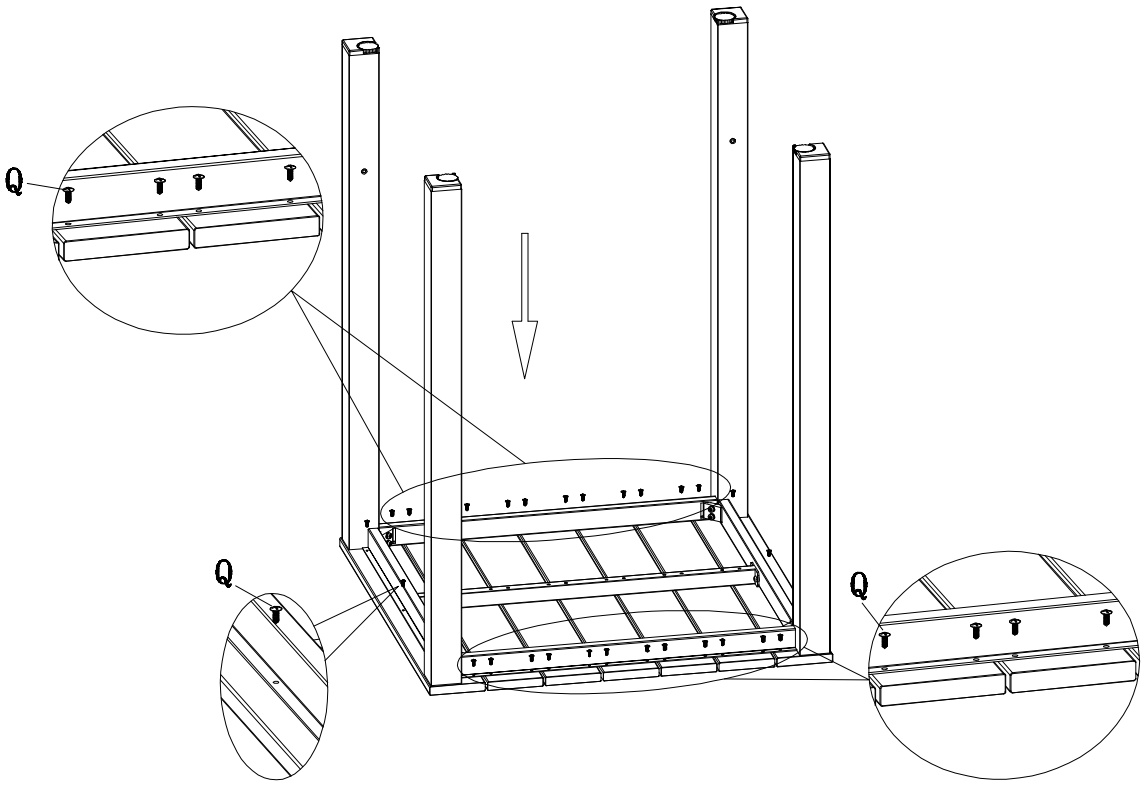

K 5X

Before assembling the tabletop, place the top panel on the workbench in the specified order as shown. It is recommended to put a soft pad underneath the panel to protect it.
Place the panel with the holes facing upward.

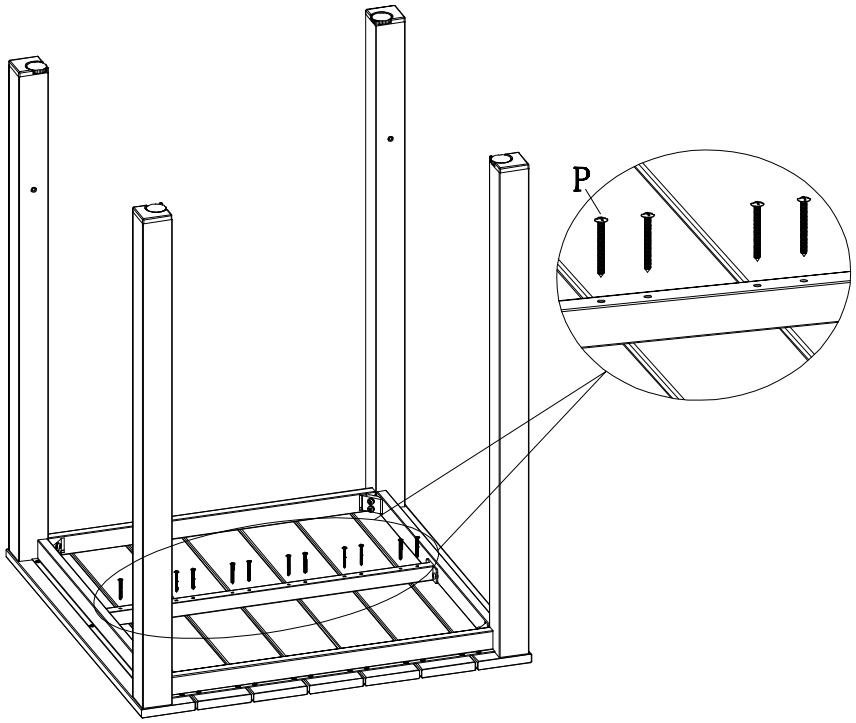

Q 30X

Install the table frame and tabletop panel using Screw #Q, and be sure to align the holes.

P 12X

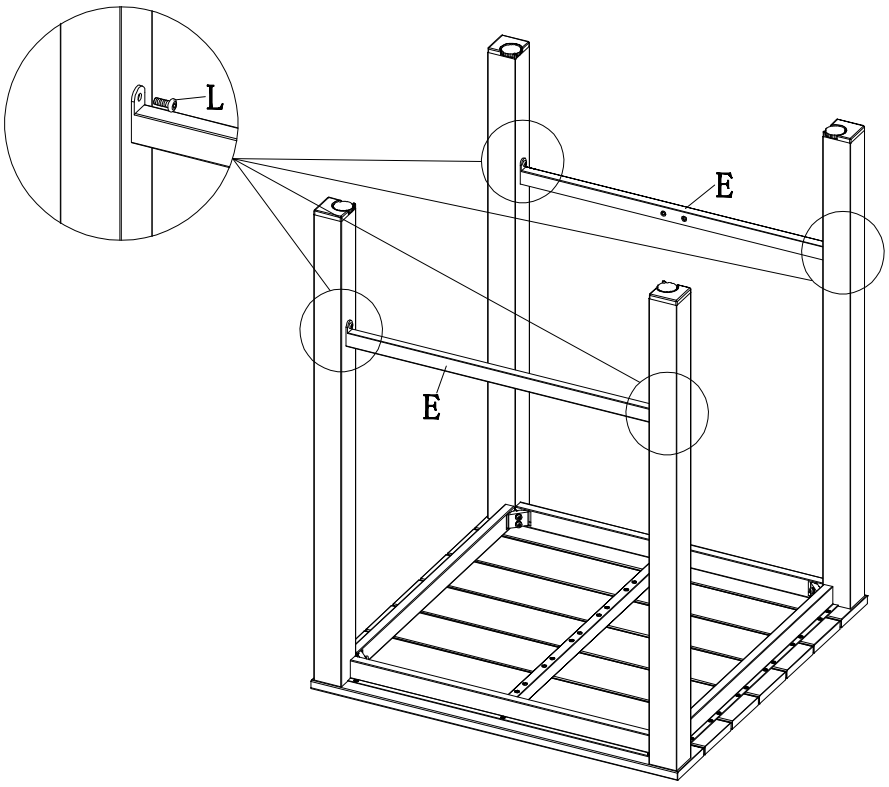

Use 12 screws #P to secure the connecting rod to the tabletop panels.Start installing screw #P from the middle, then secure the rest toward both sides in sequence.

E 2X

L 4X

T S4 1X

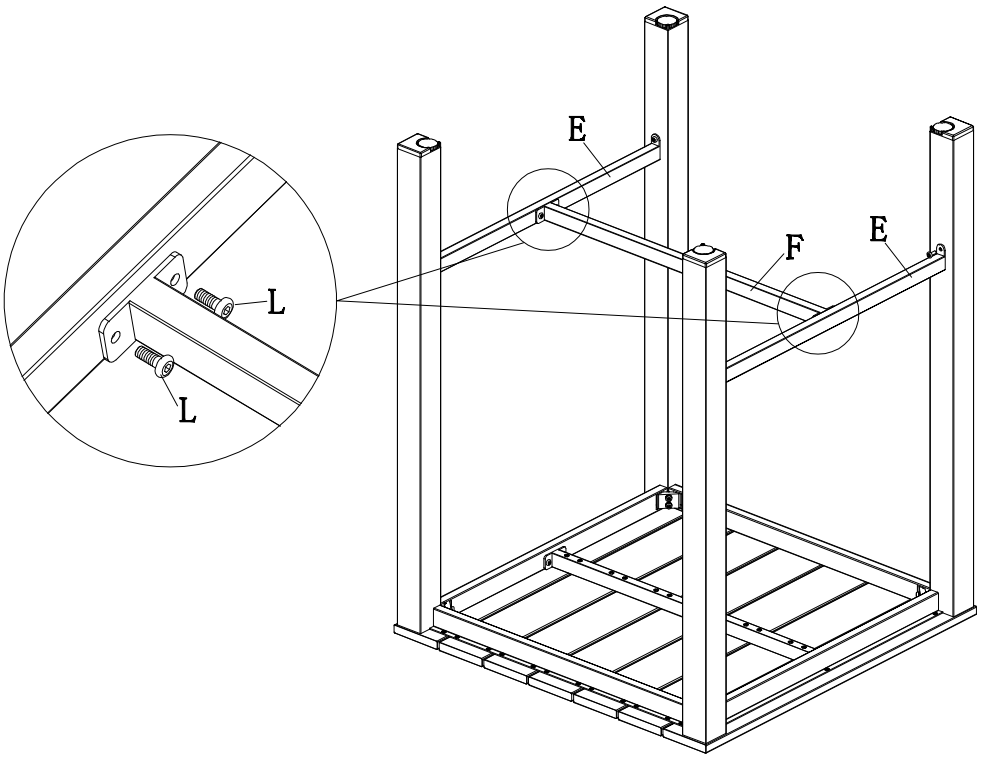

Align both ends of #E with the holes on the legs and fasten 1 bolt #L into each side. Repeat on the other side.

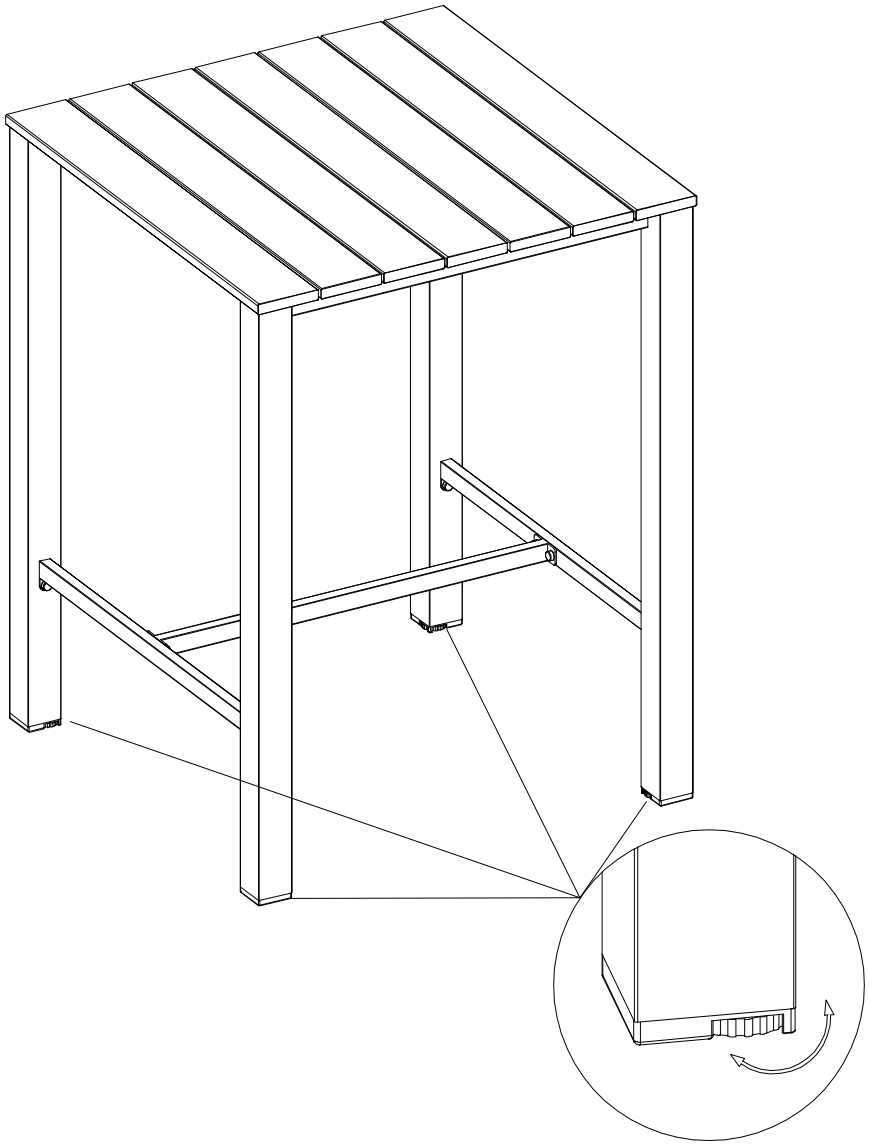

F 1X

L 4X

T S4 1X

Assemble connecting rod to the leg frame with 4 bolts #L.

Adjust the Adjustable footpad until the tabletop is level.
