The different sizes are intended to suit various types of spaces and serve diverse purposes.

Made from natural materials, slight variations in colour may occur.

DANISH

Det håndvævet Tact tæppet har et kontrastfyldt og samtidig enkelt udtryk. Karakteriseret ved de små cirkulære dråber, der giver en struktureret overflade. En overflade, der fremhæver og stimulerer følesansen. De livlige vævede løkker kombineret med den ensfarvede base skaber en moderne struktur, der giver en sanselig oplevelse, når tæppet betrædes. Med sin rektangulære form definerer og afgrænser det taktile tæppe en zone og tilfører en rolig og hjemlig følelse. De forskellige størrelser er udvalgt til forskellige rum og imødekommer alsidige formål. Tact er fremstillet af naturlige materialer, derfor kan der være mindre farvevariationer.

FRENCH

Tact vous invite à explorer sa surface stimulante. Une surface caractérisée par les petites gouttelettes circulaires qui lui apportent une apparence simple mais distinctive. Les formes rectangulaires définissent et délimitent une zone séparée du reste de la pièce, créant ainsi un espace intérieur confortable. Les différentes dimensions proposées ont pour but de s'adapter à de nombreux types d'espaces, ou de servir des fonctionnalités différentes.

GERMAN

Tact lädt dazu ein, seine stimulierende Oberfläche zu erkunden. Eine Oberfläche, die durch unzählige kleine Tröpfchen charakterisiert ist und dem Teppich ein markantes und doch reduziertes Design verleiht. Die rechteckigen Formen definieren einen Bereich, grenzen ihn vom Rest des Raumes ab und kreieren einen bequemen und heimischen Platz. Die verschiedenen Größen passen sich spielerisch an unterschiedliche Raumarten an und können unterschiedlichen Zwecken dienen.

NATURAL RUGS, WOVEN BY HAND

ADDITIONAL TEXT FOR TACT, DARK GREY

In our products, in our work and in our approach, honesty is paramount to us. Our products' honesty is reflected in the material chosen. It should not look like something else. It should not look like something it is not. Therefore, we have chosen not to dye the wool for our Tact rugs. Giving each rug, a fine and unique play of colour.

Made from organic wool, the medley of the natural yarn gives the individual Tact its very own grey colour nuance. Therefore, you will experience slight variations in colour from rug to rug.

The grey nuance of Tact is created from a combination of white, grey and charcoal wool, mixed in fixed ratios. During the seasons of the year, the wool texture, quality and colour slightly vary, affected by natural factors such as the breed, the environment the sheep lives in and the nutrition it gets.

Especially the four different shearing seasons impact the shades of the wool produced. Let us give you an example; In the Winter season, the white wool appears as off-white, slightly differing from pure white. While the Summer season offers the purest white wool. This gives the yarn producer different types of wool available during the year. From lot to lot, we mix the yarn in different proportions to achieve the original defined grey Tact colour. But with natural materials in our hands, each rug will live its own unique and authentic colourway.
