* If any part is missing or damaged, do not attempt to assemble the product.
* Estimated Assemble Time: 10 minutes.
* If you're having any difficulty, our friendly Customer Care team is always here to help. Please email **customersupport@safavieh.com**

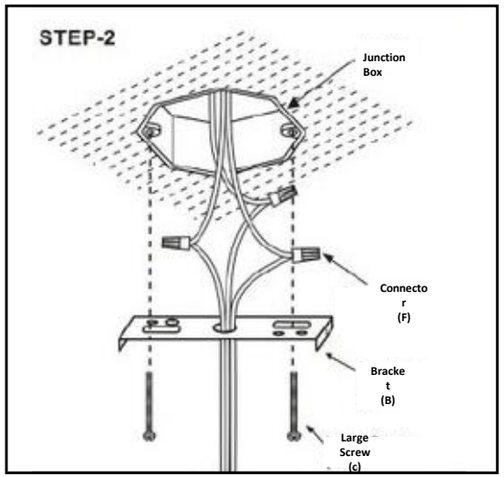

STEP-1

NOTE:- Ensure that all wires are threaded through the centre hole of bracket (B) Before proceeding.

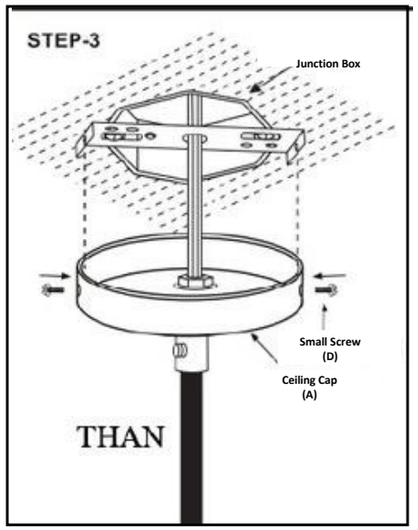

Connect the white wire to the fixture's white Neutral Wire. Connect the Green/Yellow or Copper Ground Wire to the fixture's Green Ground Wire. Connect the Black/Brown Wire to the fixture's Black-live wire.

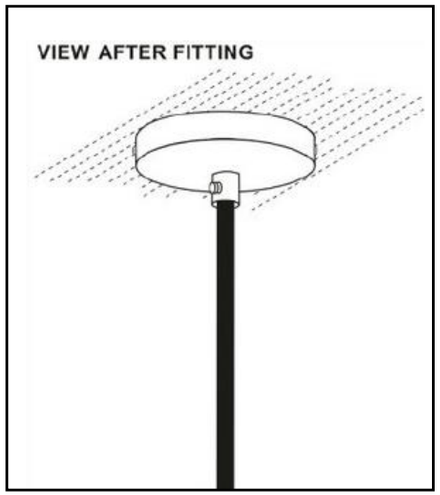

Fasten Each Connection together by inserting both ends of the paired wired into a plastic wire cap connector (F) and twisting until you feel resistance. Wrap the connection with electrical tape (not included) and make sure no wire strands are exposed.

STEP-2

Align holes on the bracket (B) over Junction Box and Secure with Large Screws using a screwdriver (not included)

STEP-3

Place Ceiling Cap (A) over Bracket (B) such that side holes are aligned of Ceiling Cap (A) & Bracket (B). Insert Small Screw (D) into side holes and tighten with the screwdriver (not included).
