

Kitchen Table and 2 Chairs

Instruction Manual

Follow the instructions for the assembly,
daily care and after-sales service!

Thank you for shopping with us!

We appreciate your purchase and are ready to be at your service!

If you find parts missing, broken or hard to put together, and when you are not satisfied or have any valuable suggestions, please do not hesitate to firstly contact us!

We will definitely give you a satisfactory solution!

Notes

- Get an adult helper to help with the assembly.
- Do not tighten screws until you have put together the whole chair or the table. That way if you make a mistake you can quickly remove a screw.
- DO NOT let your kids climb on the set to prevent the injuries of kids and unpredictable damage to the set. You could use "corner guard" to protect your kids from getting the hurt by the edges.
- Gently wipe the top wood surface with fresh water, do not use a brush or abrasive cloth and other hard objects to scrub, so as not to scratch the surface.
- Put the set in a ventilated place, do not directly exposed to the sun, so as to avoid deformation or discoloration.
