

# 10" Floating shelf installation

## TOOLS REQUIRED

Phillips  
screwdriver

Power drill

5/16 in. drill bit

Level

Pencil

## PACKAGE CONTENTS

length of shelf	10" - 48"
(A) Shelf Board	1
(B) Backplate	1
(C) Screws	6
(D) Anchors	6
(E) Set Screws	2

## 1 PREPARING FOR INSTALLATION

- While holding the backplate (B) against the wall, use a level to ensure that the backplate (B) is level.
- Use a pencil to mark the backplate (B) holes on the wall.
- Ensure that arrow located on backplate (B) is pointing up.

## 2 INSTALLING THE BACKPLATE

- IMPORTANT:** If you are drilling into a stud, it is NOT necessary to pre-drill the hole!
- Using a power drill and a 5/16 in. drill bit, drill holes into the wall at the pencil marks.
  - Insert the drywall anchors (D) into the holes and lightly tap anchors with a hammer until they are securely in place flush with the face of the wall.
  - Use a phillips screwdriver and the screws (C) to secure the backplate (B) to the wall.

## 3 INSTALLING THE SHELF

- Slide the shelf (A) onto the backplate (B).
- Align the holes on the bottom of the shelf (A) with the holes on the bottom of the tubes on the backplate (B).
- Use the set screws (E) to secure the shelf (A) to the backplate (B) by inserting the set screws (E) through the bottom of the shelf (A) and into the backplate tubes.

The number of mounting holes is more than that of screws, please install according to actual needs.

Pipe bracket has a built-in safety design feature. Pipes have a slight upward angle to prevent shelf board from drooping when shelf is loaded. Weight ratings are for EDL (Evenly Distributed Load). Maximum load capacity is achieved by mounting screws into studs or cement walls. NOTE: If mounting to gypsum rock (cavity wall), it is advised to mount screws into a stud or studs where possible. For hollow wall mounting, you may use any of the holes in the backplate based on what is most suitable for your space. However, do not leave either end of the backplate unsupported by at least one anchor.

Length of Shelf	10" - 48"
Suggested Load Capacity	30 lb.

**DISCLAIMER:** Install shelf units according to instructions provided, and its related companies are not responsible for injury or damage resulting from incorrect installation or use. products are for use only as wall-mounted shelves and are not intended for any other purposes.
