INSTALLATION

- 4 wall plugs in the ceiling

The Mini ceiling-mounted clothes drying rack can be installed in countless locations, including in almost any room, above a bath tub, in a laundry room, under a portico and on a terrace. It can be fitted both inside and outside. The main structure is already partly assembled when it is supplied. It is simply necessary to screw on the grid with the clothes rails.

OPERATION

Manual, with a practical chain and clutch so that it can be lifted with minimum effort. It can be stopped at almost any height between the top and the bottom.
