Product Name: Halo Spritzer - Warm White
Product Number: #66426 WW
Assembled Dimensions: 20” x 20” x 20”

Prevent accidentally discarding small parts of hardware. Retain all carton contents until assembly and installation are complete.

PRODUCTS ARE NOT INTENDED
FOR COMMERCIAL USE

MADE IN CHINA

UPDATED: 2026-05-26

⚠ Assemble in location for intended use.

Remove all parts, hardware, and protective packaging from carton and carefully arrange on a clean, level, padded surface.

Qty.	Components
1	**Halo Spritzer 20” and Hanging Hook** 

IMPORTANT!
DO NOT REMOVE THE WHITE TAPE.

BASIC ASSEMBLY

Step 1: Remove from Packaging
Gently remove your Halo Spritzer from the packaging. Take care not to pull or tug on the light strands or cord.

Step 2: Begin Opening the Main Arms
Choose one main arm to start with and carefully bend it outward from the center cluster. For best results, apply gentle pressure close to the base of the arm, near the center cluster. This helps the bend begin as close to the center as possible and creates a fuller, more even shape.

Step 3: Fan Out Each Snowflake Tip
Once the main arms are opened, gently fan out the smaller arms on each snowflake tip. Shape each tip in a similar way by spreading the smaller arms evenly so every snowflake tip looks full and balanced.

Step 4: Check from All Angles
Step back and view the Halo Spritzer from multiple angles. Make small adjustments as needed until the shape looks even, full, and spherical.

Step 5: Hang or Stake, Then Final Shape
If you plan to hang or stake your Halo Spritzer, mount it first and then make final shaping adjustments. When hanging, always use the metal loop. Do not hang or suspend the Spritzer by the cord.

Step 6: Plug In and Enjoy
Finally, plug the Halo Spritzer into a UL-approved outlet or extension cord and enjoy your glowing display.

CARE & USE

1. Product is intended for indoor and outdoor use.
2. Do not mount or place the product near gas or electric heaters, fireplaces, candles, or other similar sources.
3. Do not use product outdoors in case of extreme weather conditions.
4. Do not use this product for any other purpose than its intended use.
5. Do not secure wiring of the product with sharp hooks or nails.
6. Not intended for permanent installation.

At the end of the season clean it, if necessary, with a dry cloth.
Place it in its original packaging and store it in a cool, dry place.
