Marble Rechargeable Table Lamp Product Specification

一、Product Overview

This light luxury wireless rechargeable table lamp adopts natural Bulgari marble for the base, paired with soft light cylindrical linen lampshade. With built-in rechargeable lithium battery, no external mains electricity is required. It is suitable for ambient lighting of bedroom bedside, living room side tables, hotel rooms and model house soft decoration.

Remarks: Marble is natural stone, textures and grain vary for each individual lamp, which shall not be regarded as product quality defect.

二、Product Information

Product Name: Marble Wireless Rechargeable Table Lamp

Product Appearance: Table lamp with cylindrical Bulgari marble base and off-white linen cylindrical lampshade

三、Technical Specifications

Rated Power: 5W
Built-in Battery: 3600mAh lithium battery
Input Voltage: DC 5V
Light Source: LED
Color Temperature Options: 3000K / 4000K / 6000K
Dimming Control: Touch control (3-speed dimming or stepless dimming)
Charging Interface: Type-C
Charging Duration: 4 to 5 hours
Battery Life:
High brightness: 6-7 hours
Medium brightness: 12-14 hours
Low brightness: 22-24 hours
Overall Size: Lampshade diameter 180mm, total height 250mm
Material:
Base: Bulgari marble
Lampshade: Linen fabric
Top cover: Marble
Complete Accessories: Marble base assembly, linen lampshade, marble decorative top cover, LED light board, lithium battery, control main board, Type-C charging cable

四、Maintenance Instructions

Clean the lamp only with dry cloth. Do not wash with water or damp cloth.
Avoid long-term direct sunlight to prevent fabric fading.
Clean marble surface with dry cloth; acid or corrosive cleaners are forbidden.

五、Safety Notice

Do not take apart the built-in lithium battery to prevent short circuit and fire hazard.
If the lamp gets overheated while charging, cut off power immediately.
Keep the lamp away from water, humid places and combustible substances.
Only use standard 5V low-power charger for charging.

六、Assembly Guide
