STEP I Unpacking

Open the box, and take out all the accessories, you will get the following items.

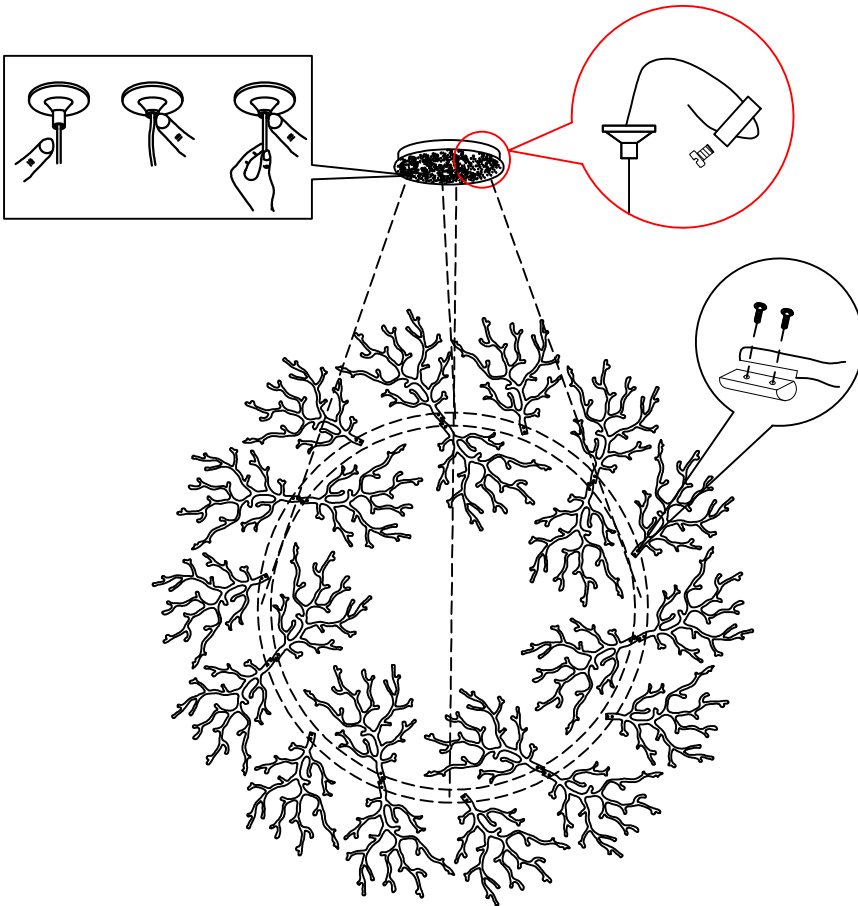

FAQ

Q:When I opened the box,I found some hanging parts were broken.

A:The hanging parts are inherently fragile,and we have considered this situation.
We have prepared spare hanging parts in each box,which is enough for your installation.

STEP II Branch Adjustment

Unfold the branches and distribute them evenly.

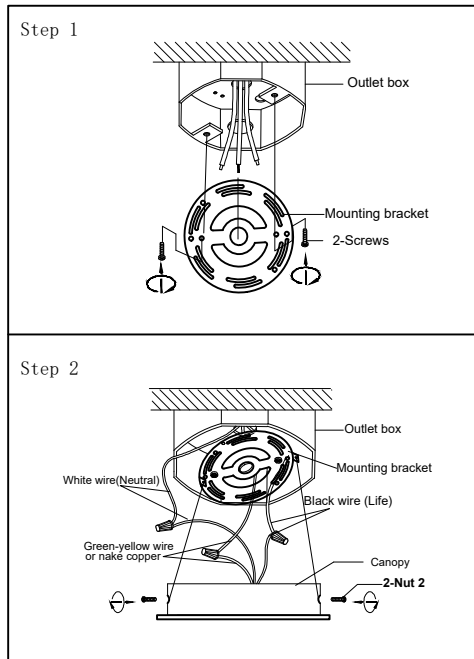

FAQ

Q:Is there a specific standard for branch adjustment.

A:There is no rule on what shape you must adjust,just keep the branches evenly distributed.Use your artistic talent to obtain a unique shape that belongs to you

STEP III Wiring and Mounting

1. Adjust the length of hanging cable and wire according to your requirement.
2. Take off the mounting bracket from ceiling canopy, and install it on ceiling.
3. Connect lamp wires and your house wires together.
4. Install the lamp frame on ceiling.

FAQ

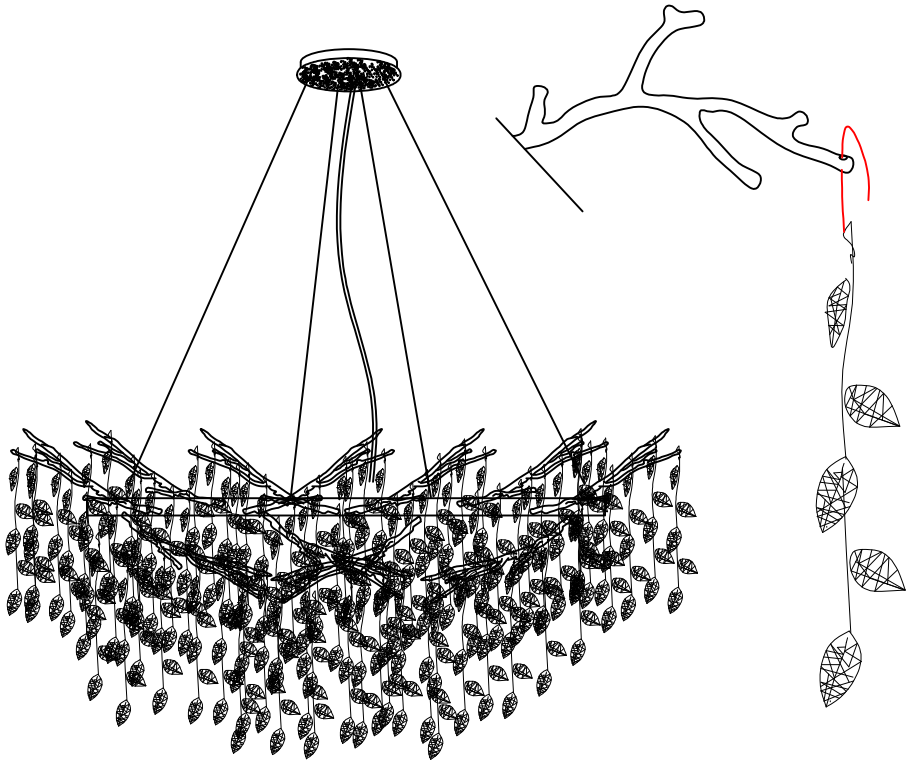

Q:How to distinguish N/L wires and which one is the ground wire.

A:Wires do not need to distinguish between N/L wires,The brass wire on Mounting bracket is the ground wire.

STEP IV Hanging Pendants

Hang the pendants evenly on the branches with holes.

Then you could fine-tune the branches for best effect.

FAQ

Q:Do I have to hang pendants on all the branches.

A:Only the branches with holes need be hang with pendants.

It's not necessary to hang all the branches full of pendants, everyone's judgment on the sparsity of pendants is different, What you see is just right.
