

一.HARDWARE LIST

PICTURE	NAME	QUANTITY
	table top	1
	table leg	1
	screw	12
	Installation tool	1

二.INSTALLATION TUTORIAL

	1. Place the table top on the table leg to find the best position.
	2. Make sure that the surface of the desktop corresponds to the frame holes before inserting and tightening the screws.
	3. Adjustable foot pads at the bottom of the support leg (when the ground is uneven, Foot pads can be used to regulate balance)
