II . Warm Tips

1. Install the base: The mirror plate should be placed flat on a flat surface before installing the base. The mirror body is a fragile item, please handle it with care during assembly and disassembly.
2. The eccentric wheel must be tightened to avoid loosening.
3. Do not place it in excessively damp or dry places to avoid mold growth or cracking.
4. The surface of this product is a paint-free board, which may turn yellow over time. It can be wiped with a cloth dipped in toothpaste, but be careful not to apply too much force.
5. The surface of the mirror should avoid friction with hard objects to prevent damage to the mirror body and mirror structure.
6. It should be avoided to hang excessively weighed items on the clothes hook for a long time, otherwise, it may cause structural deformation.
7. If you have any questions during the assembly process, please contact customer service for detailed answers.

III. Installation Steps

Step 1: Install all connecting rods for the base and mirror plate.

(It is recommended to lay the mirror plate flat on a high tabletop for easy installation of the base in the later steps.)

Step 2: Install the double-layer storage panel and **tighten** the eccentric wheel.

Step 3: **Tighten** the clothes rod onto the mirror plate and connect it to the support rod with **flat screws**. Align the holes of the support rod with the storage panel and tighten them with **pointed screws**.

Step 4: Install the base and **tighten** the eccentric wheel.

Step 5: Install the clothes hooks and tighten them. The installation is completed.
