

①-remove tapes

②-unfold it

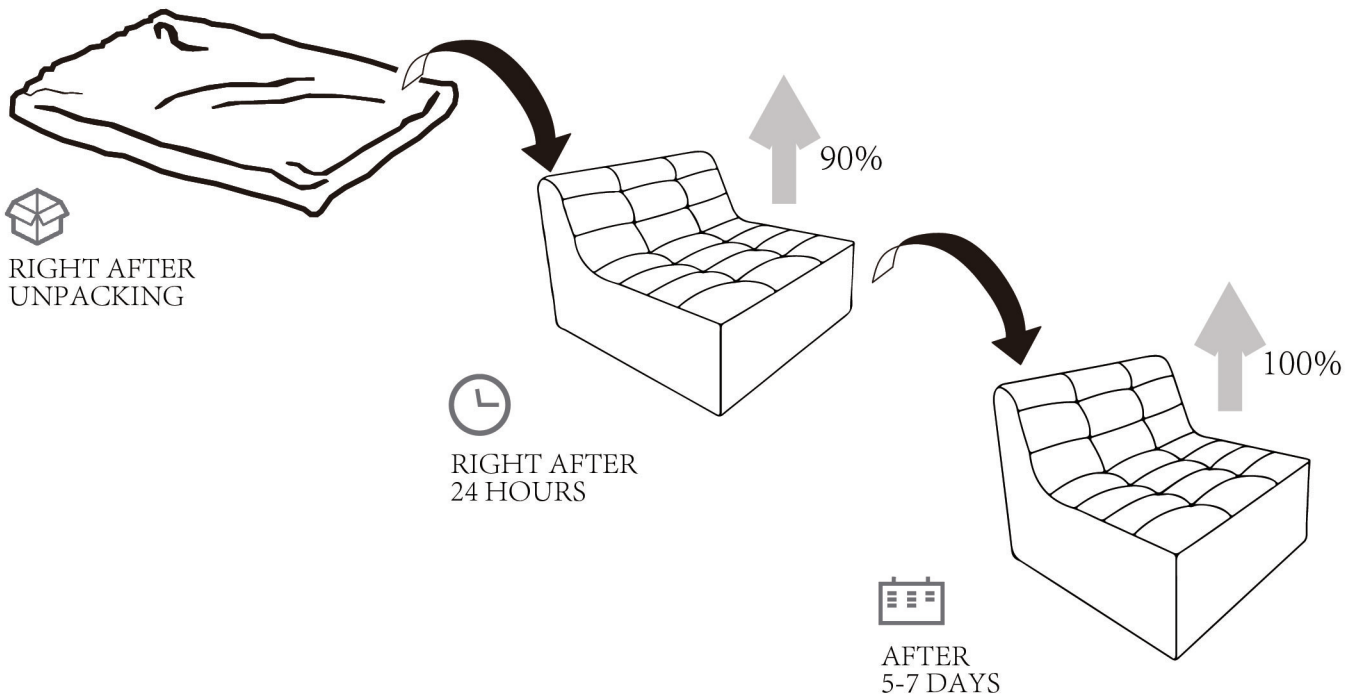

③- carefully cut open the bagging

④-unwrap and throw away the packaging bag.

⑤-after unwrapping let it decompress itself naturally over time.

For shipping purpose, the sofa seat is vacuum compressed. After unpacking, it should resume 90% of its original size in 24 hours. Please allow 5 to 7 days to inflate to 100% of its original size
