Angular Depth 1

D2478S49549-4034

Angular Depth 1 is part of a series of four geometric abstraction prints that recall the work of the great Isamu Noguchi who was a prominent Japanese-American artist, sculptor, and landscape architect. Angular sculptural objects fill the picture plane offering a distinct minimalist aesthetic.

Angular Depth 1 explores the interplay between positive shape and negative space, with smooth, bold surfaces that invite viewers to visually engage with the work. The interchange of lighter tones contrasts with a graduation of grey offering a sense of depth and dimension. Defined by Noguchi's experimentation with simultaneously subtle and bold forms, Angular Depth 1 is an engaging work of art on textured paper. Part of the exclusive ART by TA Collection.
