ANSI/PLATO FL1 STANDARD			
MODES	LUMENS	RUN TIME	BEAM DISTANCE
High+	208 lm	1h 30m	96m
High	171 lm	2h	89m
Medium	101 lm	3h 30m	73m
White	19 lm	4h 15m	9m
Red	2 lm	--	9m

Operation Instructions

On/Off: Press and release the button on the right side of the headlamp to turn on and off.

High+ Mode: From any mode, press and hold the button on the left side of the head lamp for 3 seconds to turn on High+ Mode.

Cycle Modes: Press and release the button on the left side of the headlamp repeatedly to cycle through modes (High/Medium/Flood Low/Flood Red/High+). Pushing the left button after the headlamp has been turned off will recall the last mode used.

Strobe Mode: From any mode, press and hold the left button for 3 seconds to switch to Strobe mode.

Charging Instructions

The LP720 uses a Li-poly; 3.7V 150 mAh rechargeable battery. To charge the headlamp, locate the charge port on the bottom of the light (opposite of the on/off button).

Plug the small end of the Micro-USB charging cable (included) into the port on the headlamp. Plug the opposite end of the charging cable into a USB power source.

The blue battery indicator lights on the side of the headlamp will light up to indicate the light is charging. The headlamp is fully charged when all 4 battery indicator lights are lit.
