

Product Information Sheet (UK Energy Guide)

Issued under Energy Information Regulations 2011 & EcoDesign 2022 Directive

Manufacturer: S.S. Johal And Sons LTD

Address: 97-105 Monk Street, Derby, DE22 3QE

Model Name: Indoor Log Burner

Serial Number: A261 Logb5k, A262 Log-10k

Product Type: Cast Iron Indoor Log Burner

Energy Performance & Efficiency

- **Energy Efficiency Class: A**
- **Nominal Heat Output: 5kW**
- **Efficiency Percentage: 79% (When Burning Wood)**
- **Fuel Type: Wood & Smokeless Fuel**

Environmental Impact

- **CO Emissions: 0.08%**
- **DEFRA Approval: Yes**
- **EcoDesign Compliance: Meets 2022 standards for emissions reduction**

Installation & Safety

- **Ventilation Requirements: Adequate airflow must be maintained**
- **Flue Diameter: 5" (125mm)**
- **Installation Standard: Must comply with Building Regulations Approved Document J**

Additional Information

- **Construction: Full Cast Iron with Inner Cast Lining**
- **Glass Size: Factory Fitted German 'Robax' High Temperature Glass**
- **Weight: 50 kg**
- **Flue Collar Included: Yes (Flue Pipe Not Included)**
- **Maintenance Requirements: Regular cleaning and inspection**
- **End-of-Life Disposal: Designed for safe recycling**
