

Important Notes:

- Carefully remove all parts from the box and place them individually on a flat surface to prevent scratches or other damage.
- Follow these assembly and installation instructions strictly to ensure the product is assembled as intended.

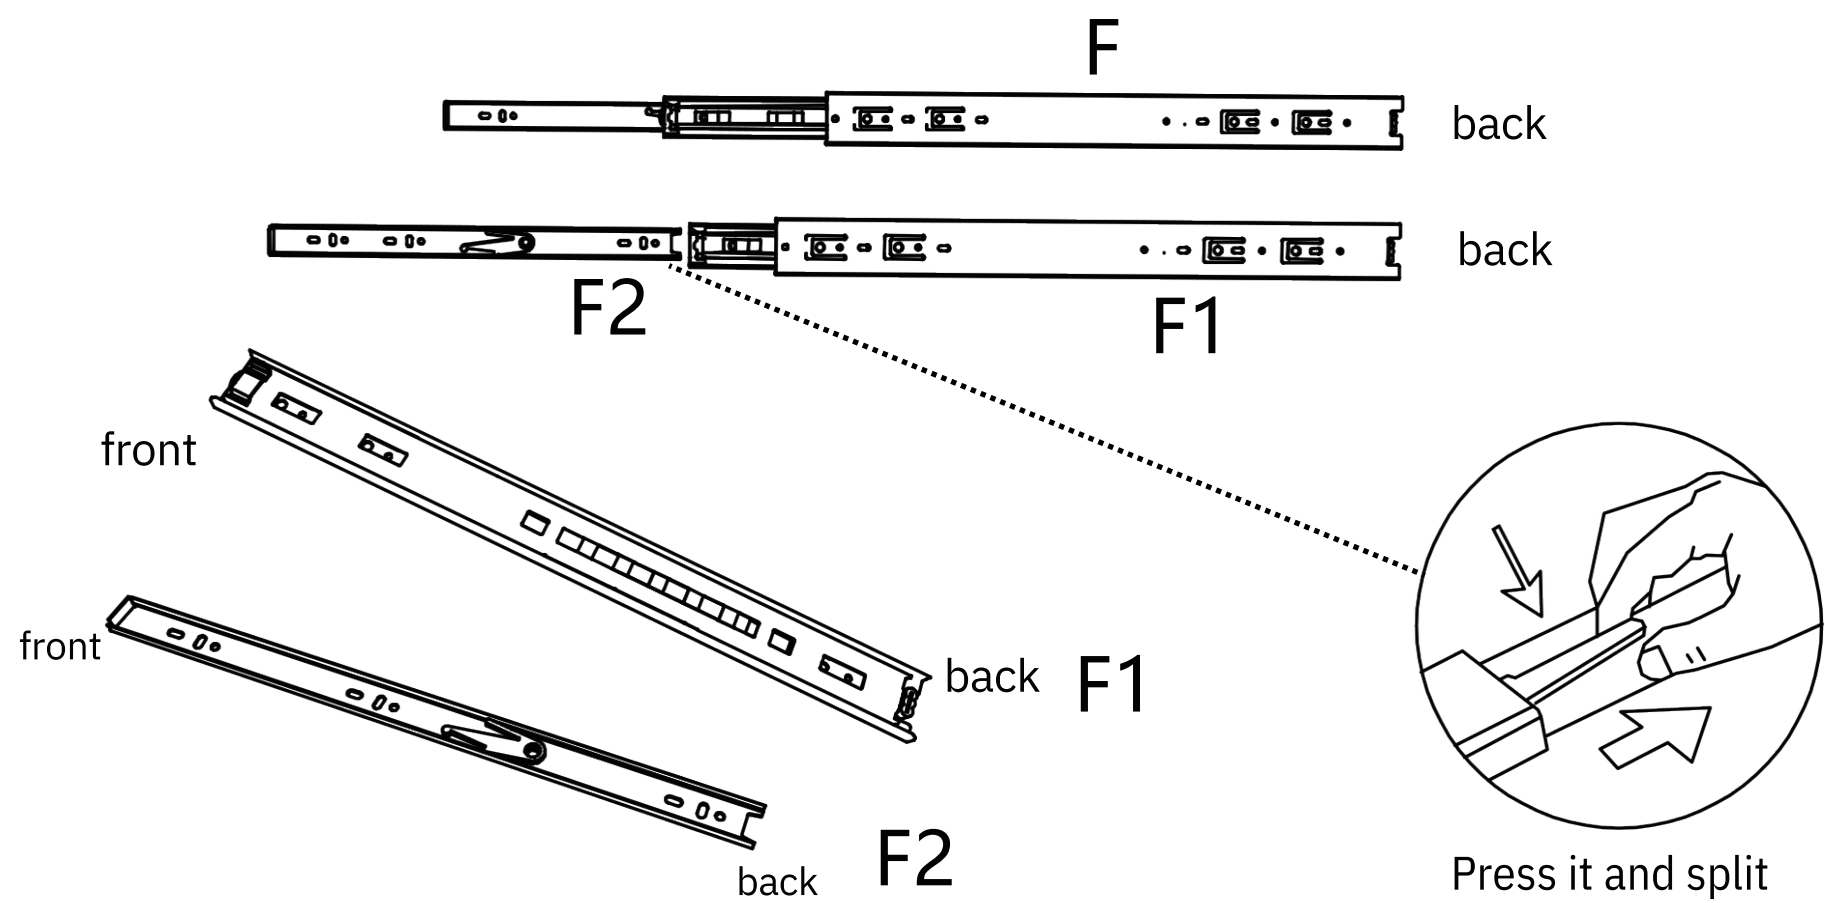

PARTS LIST

A  28 PCS	B  Ø15*12 12 PCS	C  Ø15*9.5 16 PCS	D  3.5*12 60 PCS	E  3 PCS
F  F1 F1 F2 F2 1 PCS	G  2 PCS	H  2 PCS	I  4 PCS	J  8 PCS
K  1 PCS	L  4 PCS	M  1 PCS	N  N1 N2 1 PCS	O  3.5*30 4 PCS
P  16 PCS	Q  3*12 24 PCS	S  S1 S3 S4 S5 S2 2 PCS	T  1 PCS	

Installation Tips:

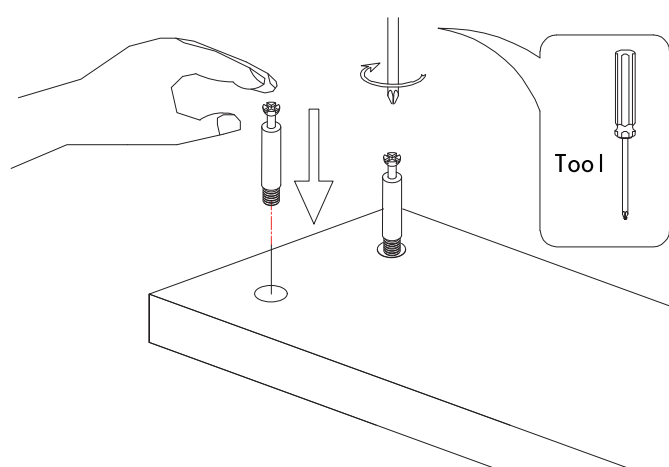

Before starting the assembly, part F should be separated into F1 and F2.

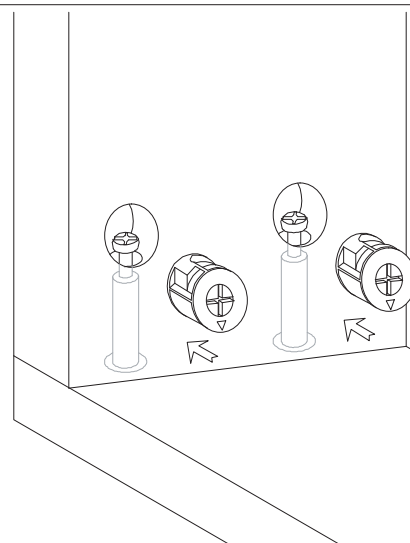

Hardware Installation Demonstration

Note: Please make sure the "A" hardware is tightened and cannot be pulled out!

Detailed Installation for LED Strip

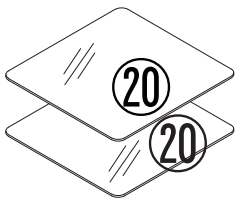

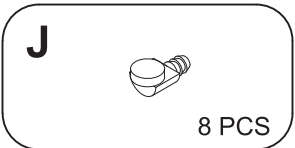

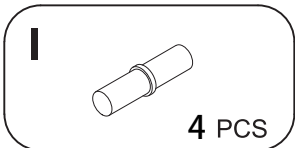

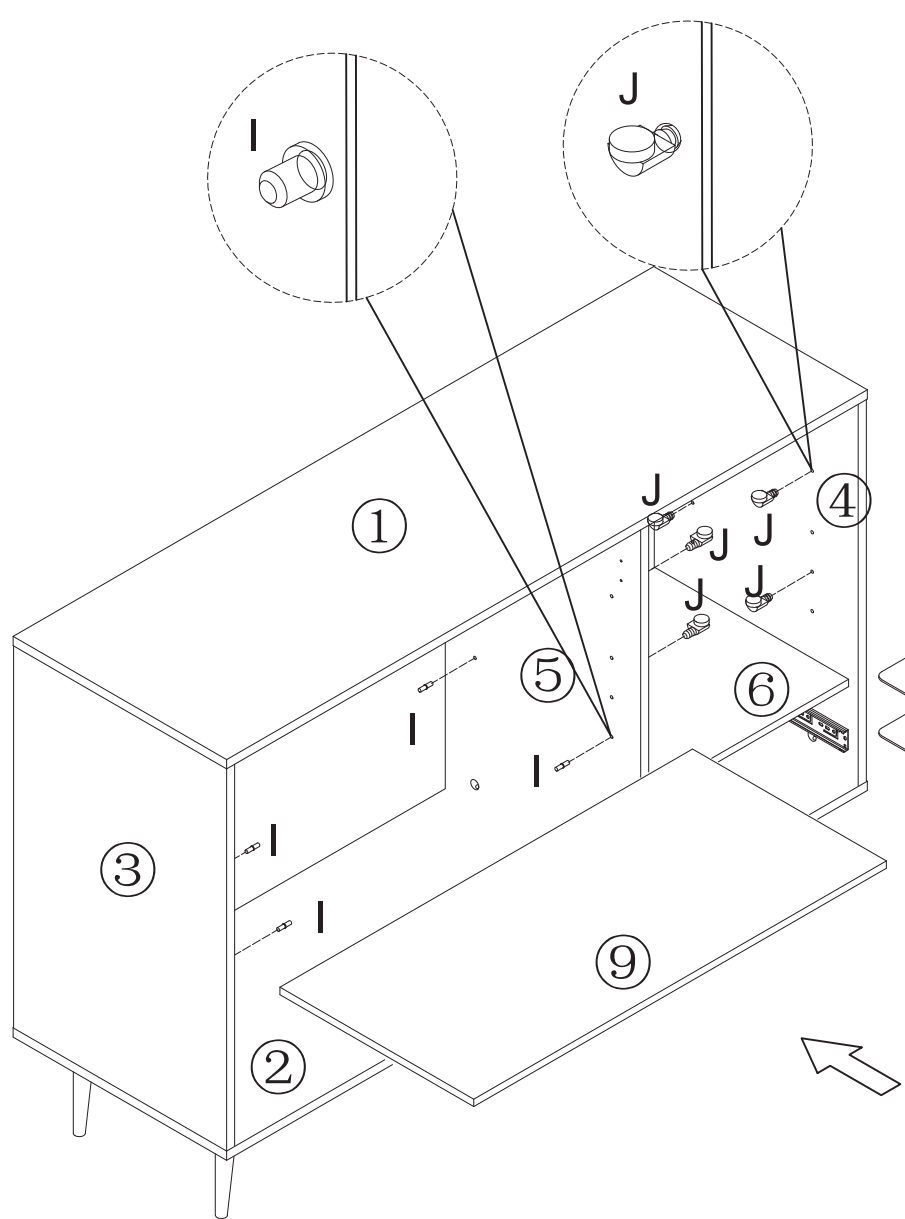

- Tear off the entire bottom protective paper and flatten the light strip so that the LED light strip is fully adhered to the wooden board.

STEP 13

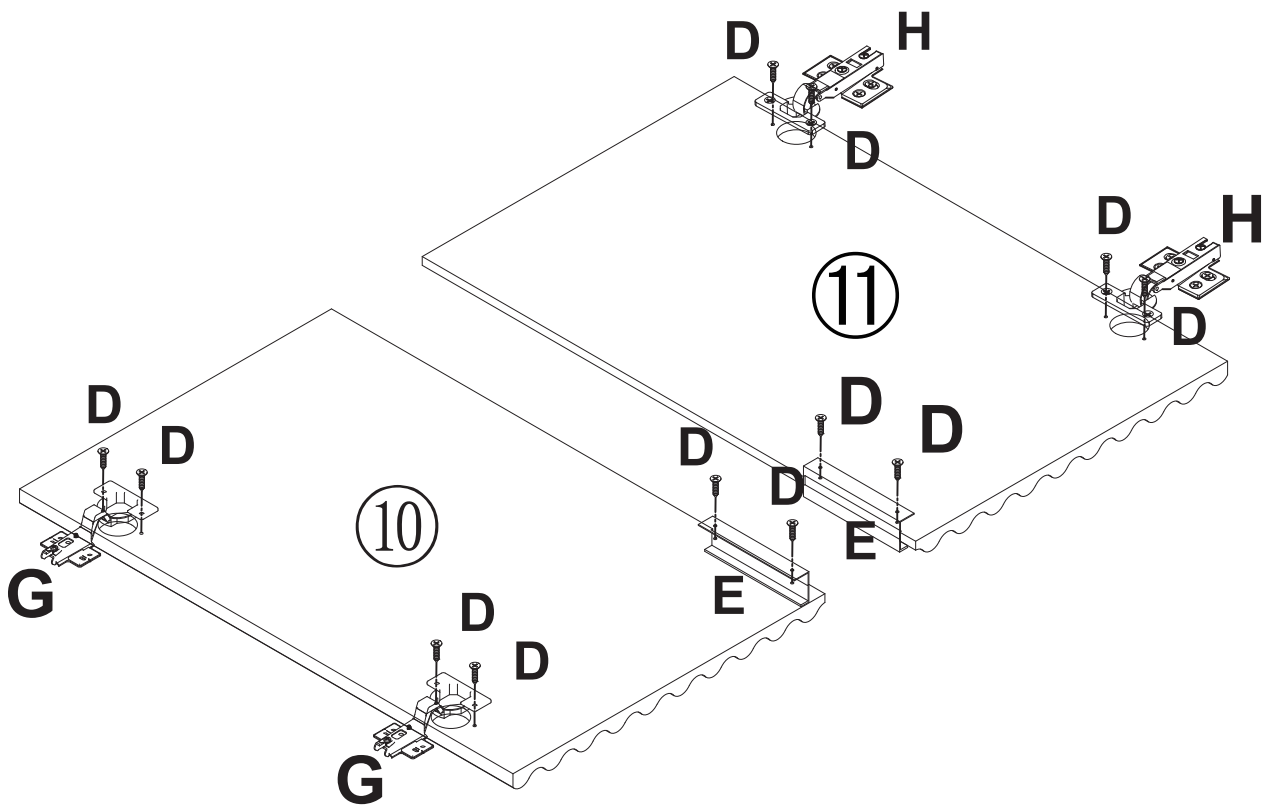

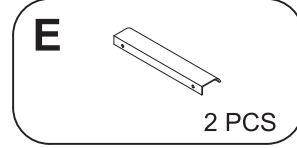

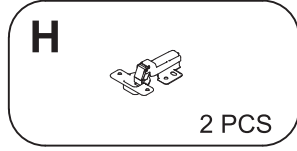

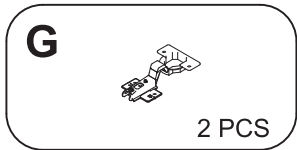

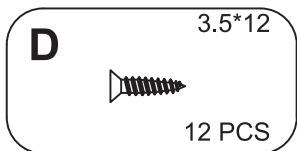

STEP 14

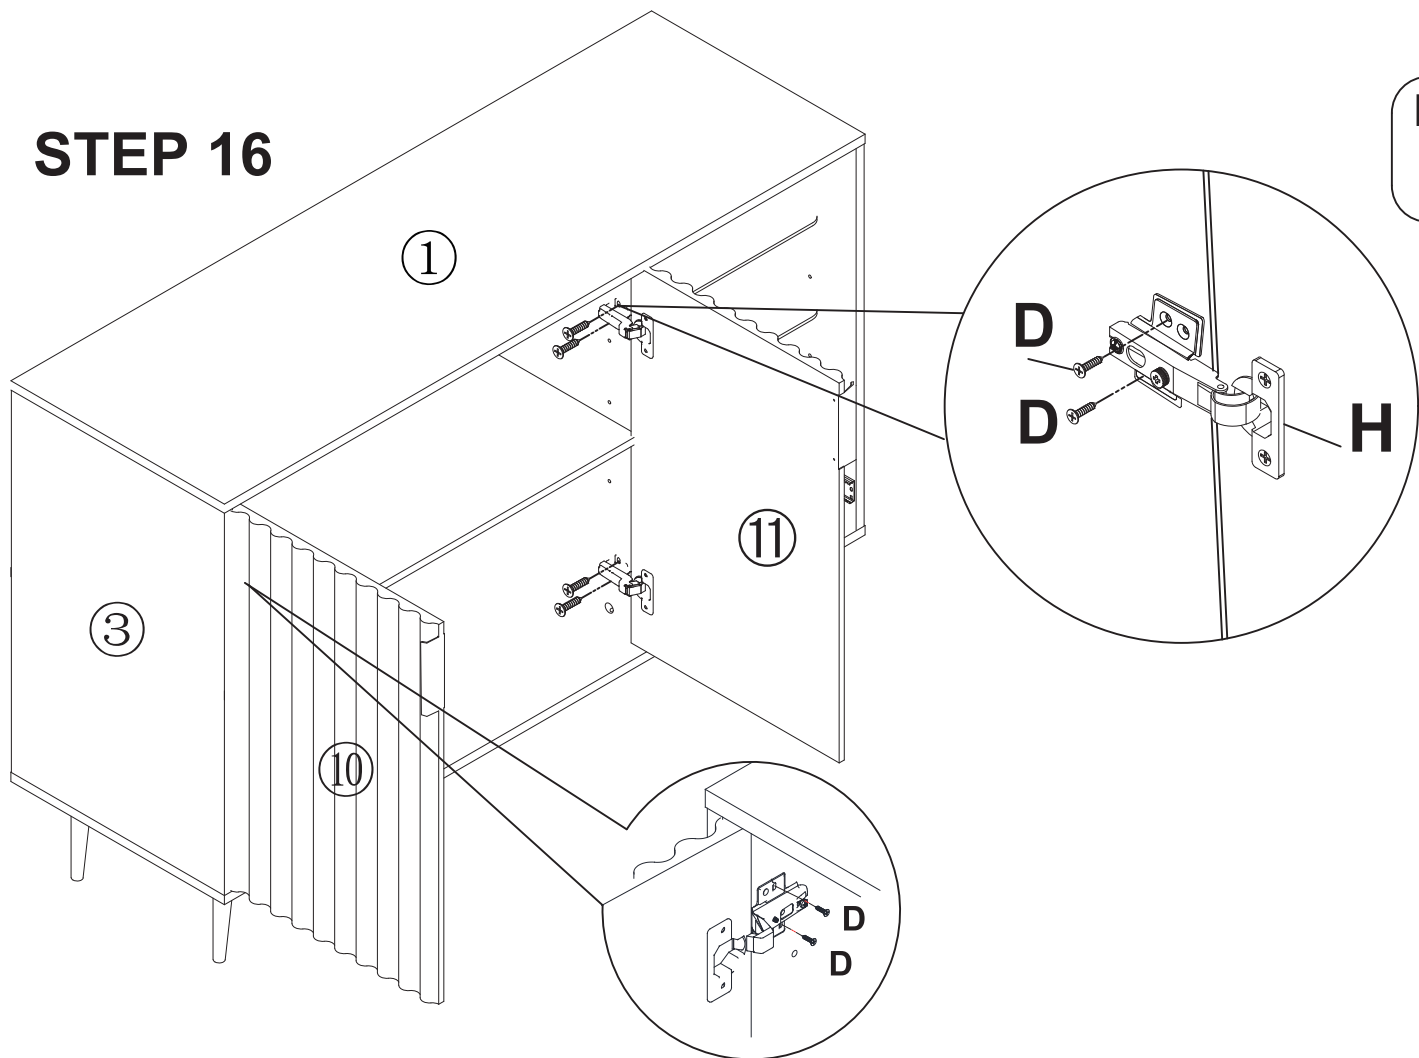

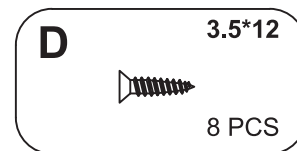

STEP 15

NOTE: G and H are hardware of different specifications.
Please distinguish them according to the codes on the packaging bags.

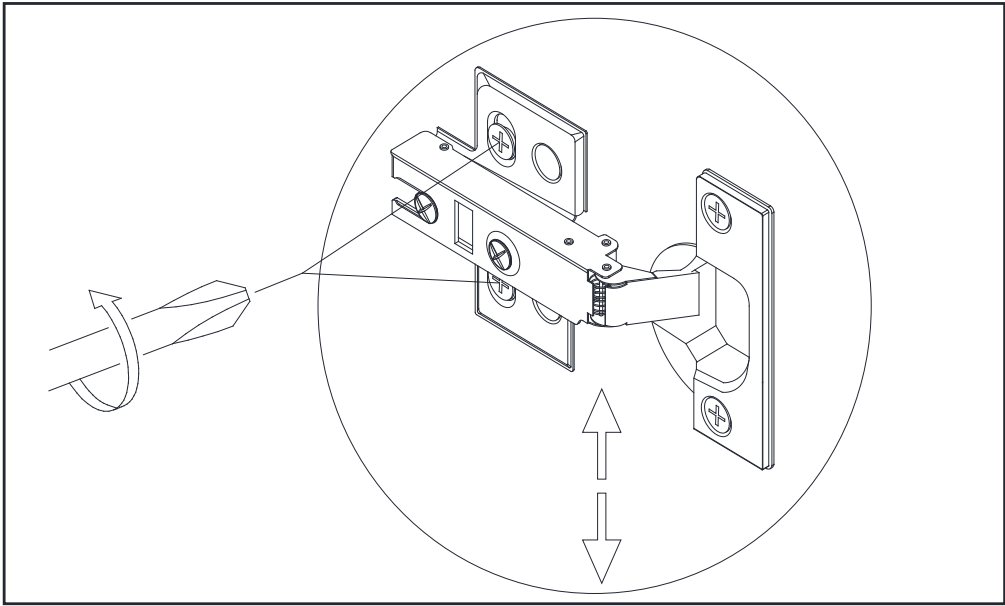

STEP 16

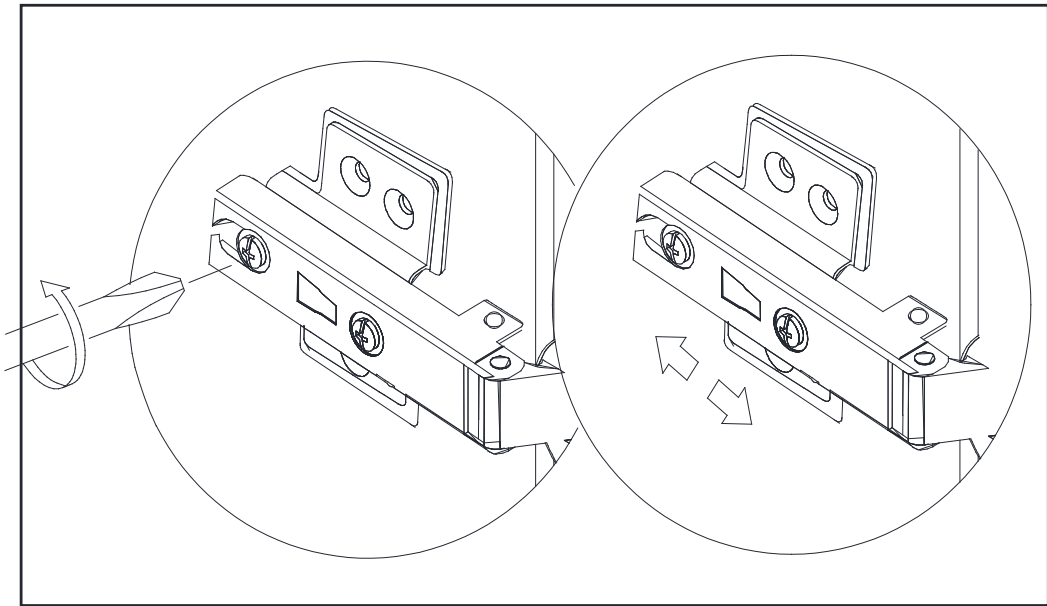

First, each of the G and H hardware components has 4 screw holes. Begin by installing screws in the last two holes. After installation, test the door by opening and closing it to ensure the panels are properly aligned. Once aligned, use a power tool to install screws in the first two holes. (Note: The first two holes are not pre-drilled, so using a power tool will make the process quick and easy.)

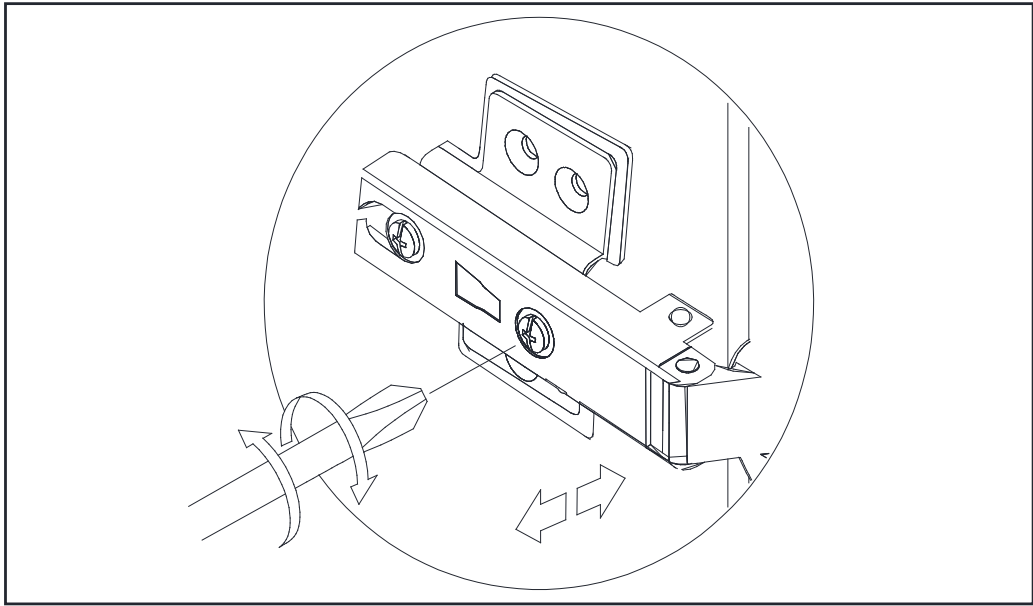

If the door panel is misaligned or the gap is too large, you can use the following method to make slight adjustments.

Top and bottom
adjustment position

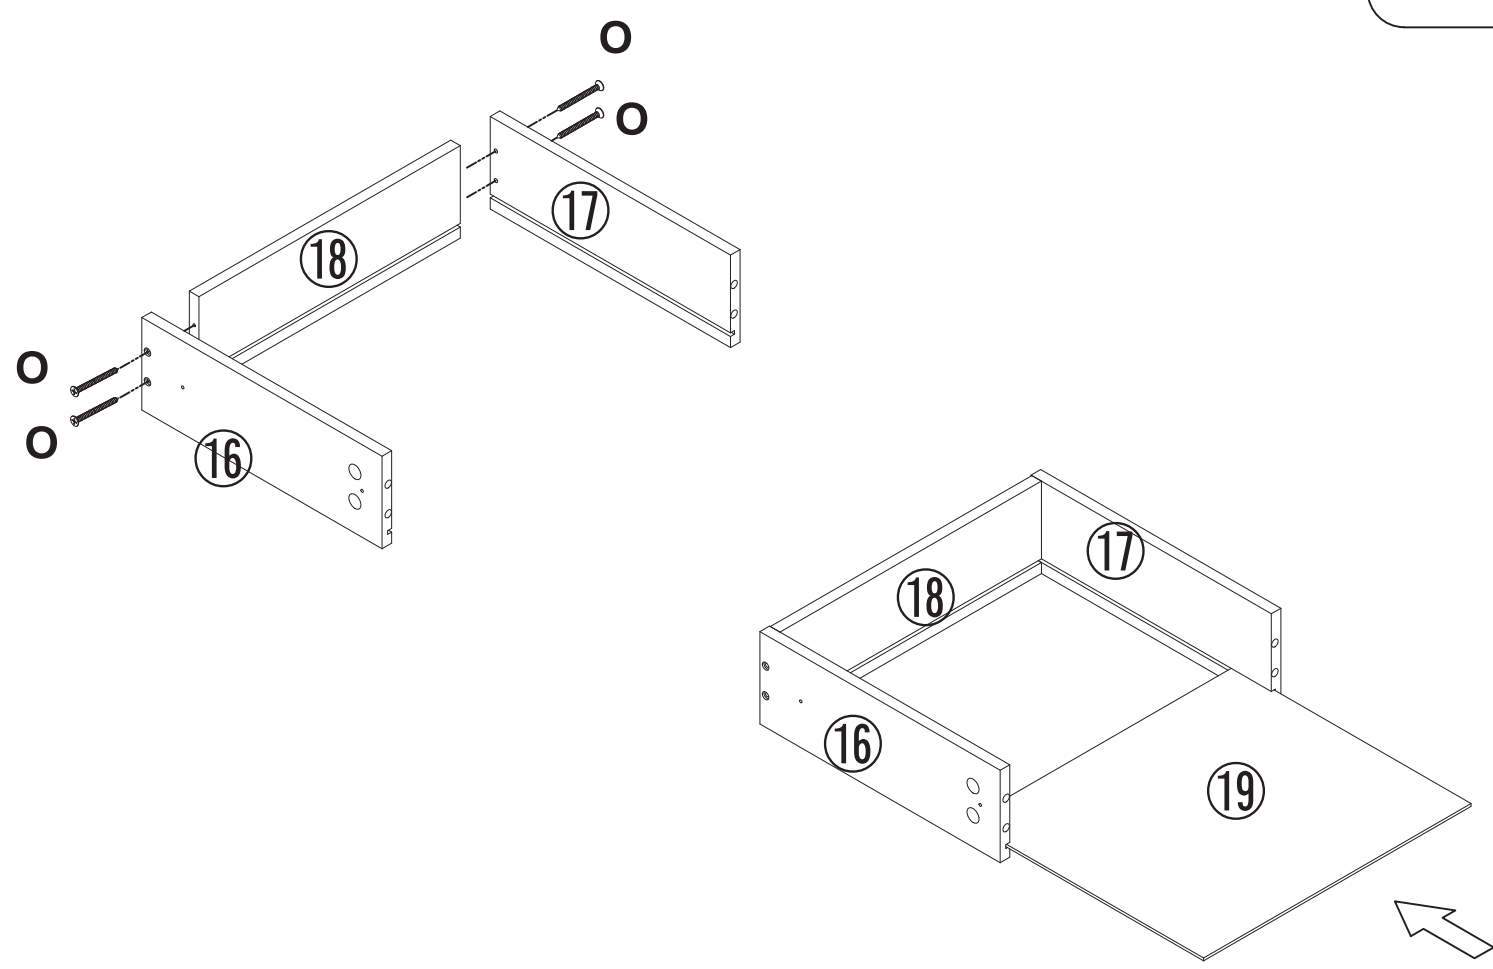

Front and rear
adjustment position

Left and right
adjustmen position

Anti-Tip Safety Instructions

To ensure the safety and stability of your furniture, please follow these anti-tip guidelines:

1. Secure to the Wall: Use the provided anti-tip kit to anchor the furniture to the wall.
This helps prevent tipping, especially in homes with children or pets.
2. Distribute Weight Evenly: Place heavier items on lower shelves or drawers to maintain a low center of gravity.
3. Avoid Overloading: Do not exceed the weight limits of shelves or drawers.
4. Supervise Children: Teach children not to climb or pull on the furniture.

Proper installation and care will help keep your home safe and secure!
