Notice

1. Please read the following instructions carefully and use the product as directed.
2. Avoid allowing any sharp objects to touch or rub against the surface of the product.
3. Before beginning assembly, ensure all parts are present and correct.
4. Do not fully tighten any bolts or screws until the entire unit is assembled. Completely tighten all screws after all holes have been successfully filled with screws.
5. Avoid using power tools, as they can over-tighten screws and strip threads.
6. This manual may not cover every detail and variation of the assembly steps. Please contact us for further information or assistance if needed.
