ASSEMBLY INSTRUCTIONS

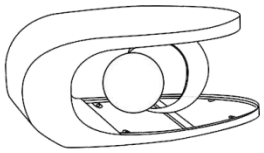

Notice:

1. Follow the installation instructions. Please confirm all accessories are preset before installation.

2. Do not fully tighten the screws during initial assembly. Fully tighten screws only once all pieces which are correctly assembled.

3. If you encounter any problems during installation,please contact our customer service.

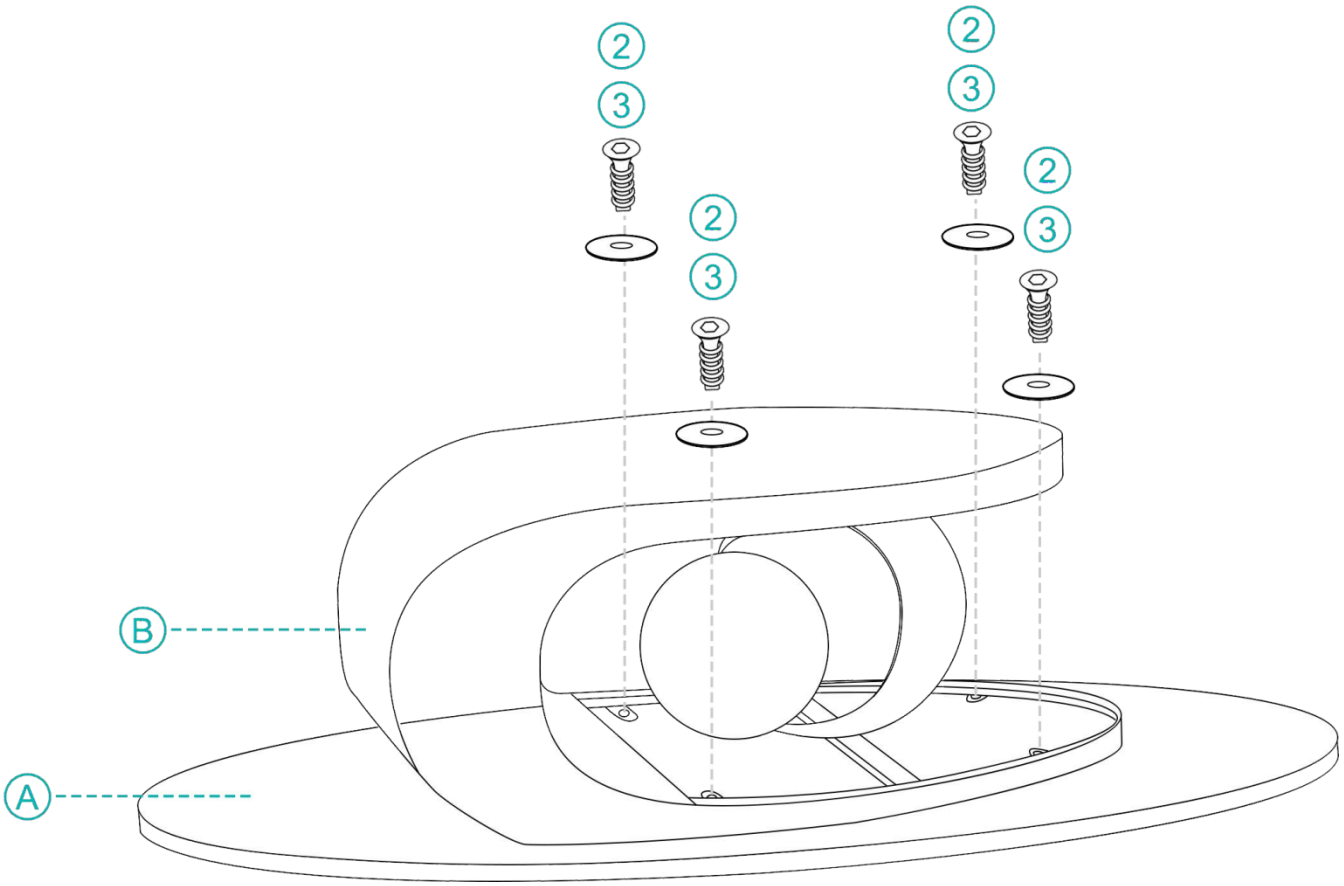

4. Please unbox the item from the side with an open-label and put a carpet on the floor to avoid scratching it.

This table is specifically designed to be assembled using four self-tapping screws. The correct installation procedure is as follows:

1. Position the table base so that it is centered relative to the back panel of the tabletop.

2. Secure the base to the tabletop by driving the four self-tapping screws directly into the designated locations on the base.

3. There are six pre-drilled holes covered by black stickers; these should be ignored and are not required for assembly.
