Care instruction for PU surface furniture

In order to maintain the original appearance of your PU surface furniture, please follow below simple care procedures:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and / or exposure to heating and air conditioning outlets will fade / damage PU.
- Do not place your PU surface furniture too close to windows, radiators or vents and be sure to use windows, radiators or vents.
- Vacuum or wipe with a cloth regularly to remove dust.
- Clean PU surface furniture with professional cleanser.

For items use on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to avoid / prevent from damages / scratches and discoloration.
