Product Description: With its cosmopolitan flair and exquisite style, the Zola would be at home in a shop on Rodeo Drive – or in your living space. Crafted of Elm, Maple and Black Walnut, the case is finished in a natural color, while the front features a diamond pattern in contrasting gray tones, accented by jewelry-like Lucite pulls. A refined metal base in a silver finish creates the finishing touch. Four doors with soft-closing hinges, with one adjustable shelf behind both the center set of doors and the left and right doors.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: Active

Finish: Natural finish on case with contrasting gray finish on door fronts. Distressing includes rasping.

Features: Four doors
 Left and right doors have one adjustable shelf behind each
 Center set of doors has one adjustable shelf
 Ventilated back panel
 Soft closing hinges

Material: Elm, Maple and Black Walnut Veneers with Metal Base

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our

furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
