## Deep Dive 1

D2475S49349-4021

Deep Dive 1 is an evocative monochromatic photograph that offers a timeless, dreamlike quality. This underwater tale features an elegantly gowned figure who swirls a long train that mirrors the fluidity of the water. She appears as a solitary dancer enacting an immersive ballet. Light from above the surface fractures at the bottom of the pool creating a web-like pattern that surrounds the figure. At the surface, sunlight is both reflected and refracted creating an intricate mosaic of light and shadow. This dynamic interplay enhances the surreal quality of the image, making the scene appear as if suspended in another dimension.

A beautiful and serene work of art on textured paper, Deep Dive 1 subtly captures a feeling of elegance and tranquility in dramatic ethereal forms.
