RYVYR®

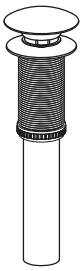

INSTALLATION INSTRUCTIONS

DRAINS

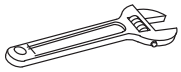

ALL MODELS

THANK YOU FOR CHOOSING RYVYR

Please take a few minutes to review this your manual before you start the installation. If you encounter any installation problems, please do not hesitate to contact us. Before you begin, please observe all local building codes. Unpack the new product and inspect for damage. The appearance of your drain may differ from the illustrations in this guide. The instructions still apply. Please ensure the finished wall is straight and plumb and the floor is flat and perpendicular to the finished wall.

SUGGESTED TOOLS AND MATERIALS

Adjustable Wrench

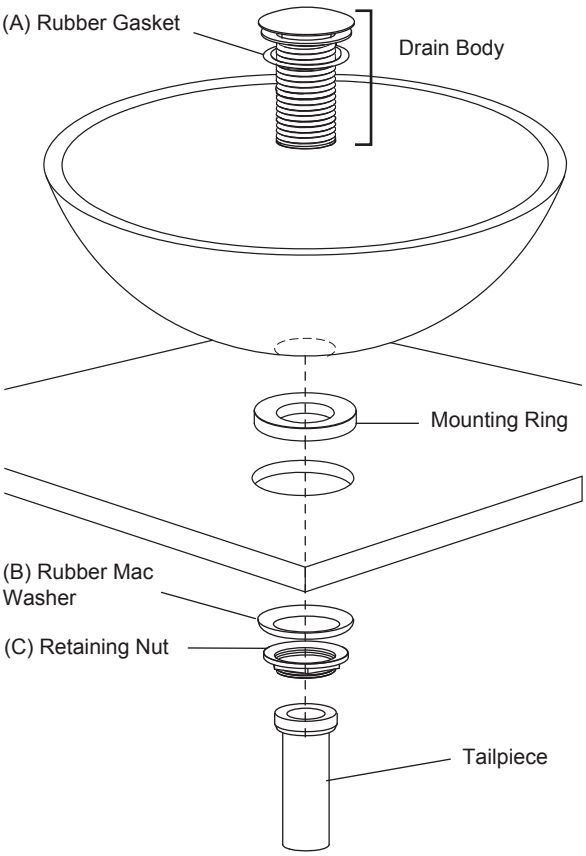

Channel Lock

Tape Measure

Safety Glasses

****NOTE:** Drain style and sink may vary from the picture above. Instructional purposes only.

STEP 1
Unscrew drain body from tail piece
Place mounting ring in the center of vessel top where it will align with cutout.

STEP 2
Slide (a) rubber gasket to the top of drain body as shown.

STEP 3
Install drain body through sink.

STEP 4
Slide (b) rubber mac washer to the drain body. Then screw (c) retaining nut to the drain body.

STEP 5
From under countertop, screw on tailpiece to drain body.

STEP 6
Tighten the drain assembly lock nut by hand until it stops turning, making sure that all silicone gaskets are used and in their proper places. Then turn the lock nut half turn with a wrench for final tightening.

CAUTION! Do not over tighten drain assembly as this may cause bowl to forcefully crack during installation or at some time in the future.

It may be necessary to cut part of the tailpiece, or part of the horizontal leg, in order to fit to existing plumbing.

CARE INSTRUCTIONS

To keep your drain looking new, please follow these simple care instructions:

DO: Simply rinse the drain clean with clean water and mild soap
Dry the drain with a soft cotton cloth

DON'T: Do not use any abrasive cleaners, cloths, or paper towels
Do not use any cleaning agents containing acids, polish abrasives, or harsh cleaner or soap

Regular and routine cleaning will reduce the need for heavy cleaning and polishing.
